12 Mar 45.- Capt Fellows rejoined unit from Information-Education School in Paris. Rear C.P. joined forward C.P. at Bad Godesberg at about 1030 hours.

During stay at Bad-Godesberg CC-R commander, Col. Tompkins, was in charge of the area, and being among the first troops to enter the city caused a complete registration of all civilians to be made. The city was subject to small arms fire from enemy just across the Rhine River. Artillery airburst shells frequently fell in the area - especially at night. While in this location many war trophies and souvenirs were obtained by most of the men in the unit. The mail orderly is "swamped" with packages to be sent home. The most numerous of the souvenirs are nazi daggers, sabres, flags, and pistols. Much Rhine wine is now available to the command from various sources. Although large quantities of various liquors seem to be "overdoing" it. Vehicle maintenance is now the chief task for the detachment, but the Hq staff are very busy getting the German civilians under control. Curfew regulations are strictly enforced. Fighting just across the Rhine River can be clearly seen from our side of the river. We are now making preparations for a "big" drive through the German defenses across the river. Everyone just feels that we are about to be given our big opportunity now to really operate in the manner ideal for Armored units. Morale is very high. The end seems to be in sight.

18 Mar 45. Cardamon, Shaw, Minerd, and Nobbe promoted to Pfc. on Det. Order No. 2. Det "A" Hq & Hq Co 9th Armd Gp.

20 March 1945.- Pfc McGuire transferred to 128 Evacuation Hospital as a result of an accident while on a message center run to Division Hq. His condition is not known, may be an internal head injury.

24 March 1945. Departed Bad Godesberg at 2000 hours enroute to bivouac area near Notschied, Germany (WF 722242). Route Bad Godesberg - Rolandswerth-Rolandseck - Hennef - Niechen - Rottbitze - Kalenborn - Notscheid. Arrived in bivouac area at about 2230. Weather warm and clear. Distance of march 18 miles. Crossed Rhine River just above Remagen on floating bridge. Closed in bivouac area in good manner. Some enemy artillery shells fell in area, no casualties received. C.P. located on forward slope of hill behind draw--C.P. personnel prepared plans for oncoming breakthrough through the 9th and 99th Infantry Division. Some enemy dead still in the area. Friendly artillery bursts can be seen falling in small German towns and setting them aflame. Traffic on roads unusually heavy. Unable to find a building to billet personnel or Hq, due to destruction of towns and concentration of American troops. We have the same normal attachments: 38 A.I.B- 40th Tk Bn-

440th FA Bn, - "C" Co, 33rd Engrs, and B Co., 814th T. Bn.

26 March 1945., forward C.P. departed Notscheid for Eggert, at 0100 hours, arrived 0330. Route - Notschied - Katharinen - Steinsloid - Ober Hoppen--Rahms - Eggert. Distance 14 miles. Rear C.P. departed Notschied for Selters at 1500 hours arrived 1145 hours. Weather-raining. Many enemy stragglers in area--all prisoners turned over to 7th Armd Div P.W. cage. (Page 44). Upon reaching Selters the Detachment vehicles were dispersed in a field and the men got a few hours sleep in their vehicles, they being alerted to move again at any time.

27 Mar 45. The forward C.P. moved out at 0730 enroute to Fleisbach, Route of march - Selters - Wolfenlingen - Hellenhahn - Westernobe - Mademahien - Fleisbach. Distance 41 miles. Rear C.P. followed at about 1315 arriving at Fleisbach at 1700. Weather - clear.

Unit stopped at Westernobe for a short stop when direct tank fire from friendly forces (3rd(Task Force) Armd Div fell in the town. Shell fragments hitting S Sgt Bennett's tank. No casualties. 186 prisoners turned over to 7th Armd Div P.W. cage. Upon arrival at Fleisbach a search was made of the town for enemy soldiers and all males were registered and screened.

Road strewn with wreckage of destroyed enemy units, many enemy dead along side of road lying in smouldering debris of equipment, many carcasses of horses in road where they were killed by Tack Force Brown. Many enemy vehicles show evidence of being run over by our tanks. Several thousand prisoners were brought to our P.W. cage. German military hospital unit with many sick and wounded found at Bellhnhausen. Lt Col Brown captured by enemy, S Sgt Bennett and his crew accompanied Major Sweat to assist in recovering Col Brown. They were successful. Sgt Bennetts tank threw track in sand but dispersed enemy automatic weapons crew, killing at least one man.

C.P. located in Grosseelheim, company bivouaced on hill on edge of town. Sniper shots again fired at camp passing over Capt Christopherson's head. A search of the town failed to locate sniper. Occupants of town have hostile attitude. People dress in quaint "dutch-type clothing" and live in unusual houses. Enemy aircraft flew over camp at about 1430 hours, anti-aircraft guns opened fire, planes (three) circle camp again--one plane shot down, unable to determine who shot it down as many units were firing. Fighting in Kirchain hard. (Page 46).

30 March 1945. Forward C.P. departed for Frankenau (WG 840776), arrived at destination at about 0630 hours. Route of march, Grosseelheim, Schonstadt, Bracht, Rosenthal - and Frankenau. Distance of march about 34 miles. Rear C.P.

1. By direction of the President, and under the provisions of AR 600-45, as amended, and Circular No. 2, Headquarters Seventh United States Army, 17 June 1945, the Silver Star was awarded per General Orders No. 131, this Headquarters, dated 11 July 1945, to:

LIEUTENANT COLONEL FREDERICK M. WARREN (Army Serial Number O266247), Cavalry, United States Army, for distinguishing himself by gallantry in action on 12 April 1945, in the area of Grevenstein, Germany. In the attack on Grevenstein, heavy mortar and cannon fire slowed the advance of our forces. Learning of the critical situation, Lt. Col. Warren unhesitatingly moved forward on a personal and hazardous reconnaissance of the battlefield in order to obtain first-hand knowledge of the situation. Completely disregarding his own safety, he advanced to our most forward elements although hostile fire hit about him. The information Lt. Col. Warren gained by his bold and courageous action made it possible to redeploy our troops for further effective attack which soon crushed all resistance and swept on to the objective.

WOJG Beers' outstanding ability and devotion to duty are worthy of high praise.

His courageous determination to complete successfully every mission assigned him won him the respect and admiration of the officers and men of his unit. Frequently Pfc Hill found it necessary to make his way through the enemy lines to contact and deliver vital messages to isolated units. On these occasions he displayed courage, initiative and a devotion to duty that was most noteworthy. During the fluid and far-flung action of his organization on the drive from the Rhine deep into the enemy land, his actions were superior. On 26 March 1945 Pfc Hill came under the fire of two 88 mm guns. Returning to his unit he informed them of the enemy position and guided them over a concealed route that enabled them to flank the gun emplacements, resulting in the capture intact of the two pieces and their crews. His actions were a credit to himself and in keeping with the highest traditions of the Armed Forces.
