

14TH CAVALRY GROUP  
Ardennes counterattack  
(16 - 28 Dec 1944)

Extremely comprehensive coverage of the defensive fighting of cavalry troops in rugged, wooded terrain against strong enemy attacking forces that effect a breakthrough. Coverage is carried to individual combat level as detailed descriptions of fighting in strenuous winter conditions are given. Successful and unsuccessful operation outlined in the narrative by historical officer and the supporting interviews.

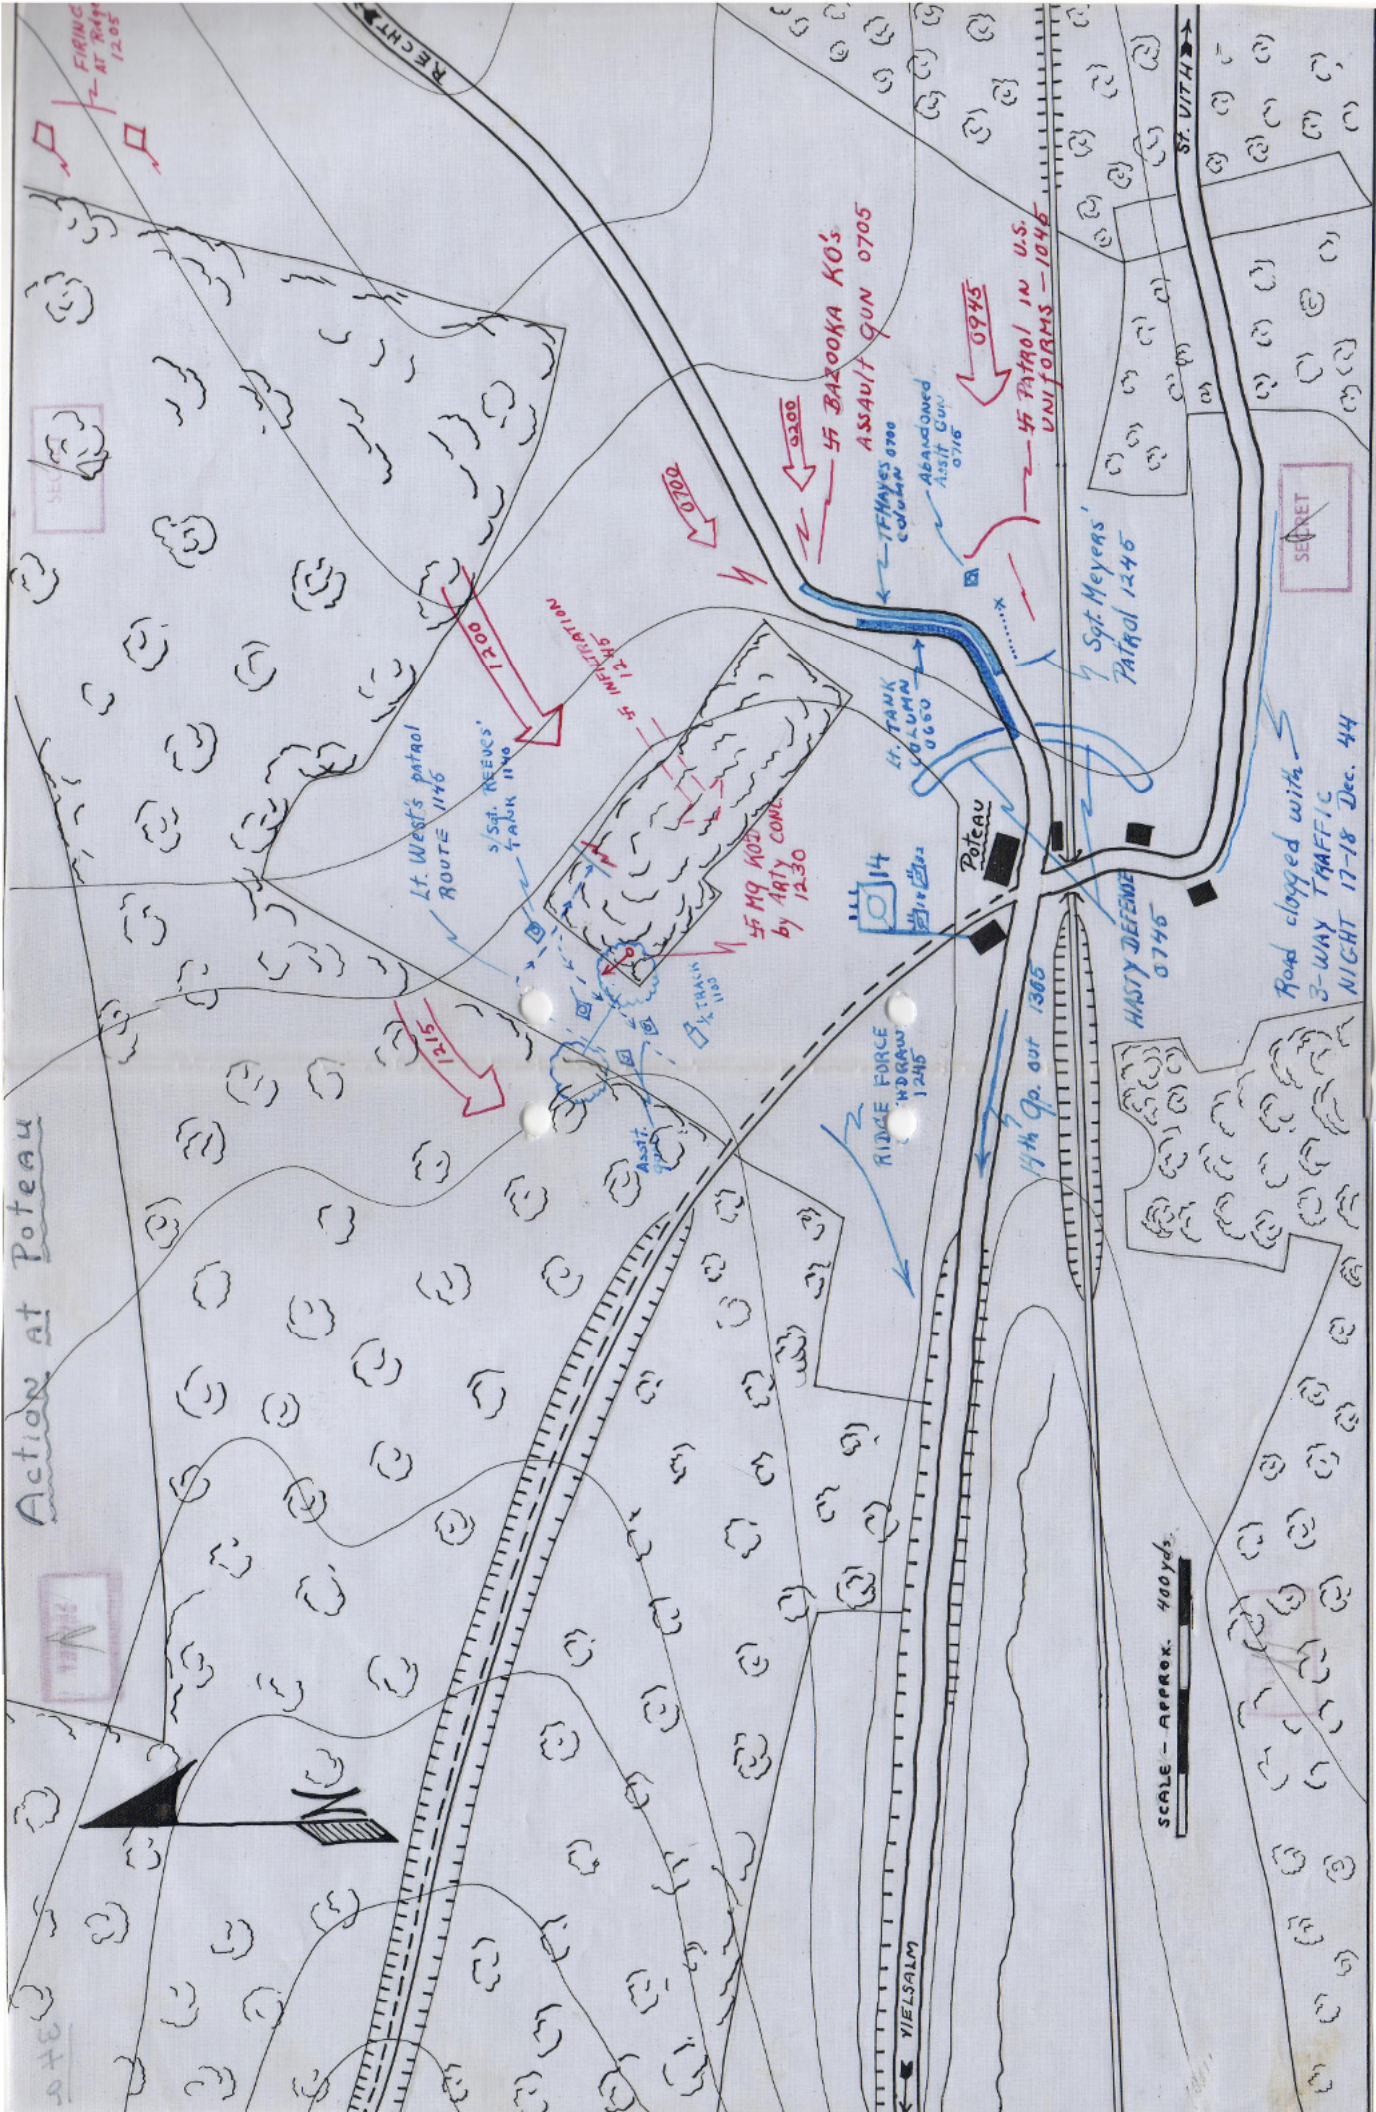

Copious collection of overlays, sketches, photographs and statistical reports are included as supporting material.

Short narratives                      By historical Officer totaling 77 pages.
