NARRATIVE

16 April 1947

1. Baptist Wasser, # 29 Scharholzbach, Germany, found seven (7) remains in the Wackelfels district near Serrig, Germany (WL-1906) while executing his duties as an assistant forest ranger. Wasser found the remains in April 1946 and informed the French Military Government.

2. Sixteen (16) remains have previously been disinterred from this plateau in midsummer 1946. Wasser informed the disintering teams of the remaining seven (7) deceased, but the teams refused to enter the area as it was believed to be mined at that time. This area was completely cleared of mines in July, August 1946. Fighting took place in this area in March 1945. It is believed by Wasser that the soldiers were killed by small arms fire from SS troops which fought in this area. The remains were not buried and were completely decomposed.

3. A thorough search was made during disintering for identification with negative results.

A U S S A G E

Im April 1946 wurde mir mitgeteilt, dass auf Wackelsberg zahlreiche Tote von den Kämpfen her lägen. Als Forstgehilfe ging ich dienstlich in die angegebene Gegend und fand viele Leichen in Minenfeldern, darunter auch die sieben (7) amerikanischen Soldaten.

Ich meldete dies sofort der französischen Militärregierung und den deutschen Behörden. Daraufhin kamen auch zuerst französische Soldaten, dann im August Amerikaner die jedoch wegen der Minengefahr nichts zur Entfernung unternahmen.

Nachdem ich mit deutschen Gefangenen und einem französischen Offizier die größte Minengefahr beseitigt hatte, kamen im August nochmals etwa 15 amerikanische Soldaten mit 2 Wagen und entfernten sechszehn (16) amerikanische Leichen. Wohin sie diese gebracht haben, ist mir nicht bekannt. Anschliessend fand ich dann noch diese anderen sieben (7) amerikanischen Leichen, was ich auch sofort meldete. Erst jetzt kam aus Karlsruhe ein amerikanischer Offizier und nahm sich dieses Falles an.

S T A T E M E N T

In April 1946 I was informed that on the mountain called "Wackelsberg" numerous deceased soldiers who were killed during the fighting in this area were lying about. As a forster's assistant I went on duty to the given location and found many bodies in mine fields. Among the bodies were seven (7) American soldiers.

I informed the French Military Government and the German authorities immediately. As a result, first French soldiers came and then in August Americans who could not take any steps to remove the bodies because the area was heavily mined.

After the area was swept of mines by German POW's and a French officer, a team of 15 American soldiers came with two cars and evacuated sixteen (16) American deceased. I do not know where the bodies were taken. Just after this I found those other above mentioned seven (7) bodies that I reported immediately. At present an American officer came from Karlsruhe and took over the bodies.
