ATTENTION: AGRS, PHILCOM ZONE

1. Reference is made to the Proceedings of the Board of Review, your Headquarters, recommending the following identifications of remains formerly interred in the USAF Cemetery Manila #2 and now stored in the AGRS Mausoleum, Manila, P. I.

a.	X-1221 as ANDERSON, John W.	Capt	0-435 130

2. These remains were found intermingled and strewn throughout the area of the crash of B-25 #44-31380. No skeletons were found intact. A review of the laboratory reports prepared in October 1947 and comparison of the data on these reports with Army records for the men killed in the crash indicates that the remains have not been properly segregated.

3. In view of the above information, it is recommended that the services of a local anthropologist be obtained to examine the remains, and that segregation be accomplished by articulation, bone color, texture, size and general morphological structure, and that a certificate to this effect, signed by the anthropologist, be attached to each identification check list. All Board Proceedings are returned herewith.

4. In the event that proper segregation cannot be accomplished, it is further recommended that these remains be considered as the recoverable remains of the ten (10) crew members and passengers of Aircraft B-25 #44-31380, as listed in paragraph 1, above, and S/Sgt Harry E. Brunsmann, ASN 33 758 068, a crew member for whom findings of non-recoverability have been received.
