SUBJECT: Identification of World War II Deceased

TO : Commanding General
Philippine Air Command
APO 74, c/o Postmaster
San Francisco, California
ATTN: AGFS, PHILCON ZONE

1. Reference is made to Proceedings of your Board of Review, dated 26 August 1949, recommending the group identification of Unknowns X-876, X-877, and X-878, AGFS Mausoleum, Manila, P.I., as the remains of the following group:

HUNFELD, Jack H.	Sgt	6 557 683
BARKER, Woods Richardson	SI/c	287 49 14
JOHNSON, Harlan Wayne	SI/c	368 48 99

2. After an extensive study of this case, it is considered that the evidence presented cannot be interpreted as sufficient basis for a group identification.

3. The association of these three decedents with the remains is based upon information contained in the Cabanatuan R-W Camp Death Report. Experience with this report has proved it to be a valuable aid for the association of decedents with Unknown remains. However, in repeated instances, it has been shown that the report does not constitute substantive proof within itself. Therefore, it is subject to qualifying or substantiating comparison of dental and physical data.

4. Army and Navy dental records for the decedents involved in this case are meager and incomplete. They present a marked similarity which would probably compare equally well with any cross-section of remains recovered from the Cabanatuan Cemetery.

5. Since there is no adequate substantiating evidence available in this case, the Board Proceedings have been disapproved and are returned herewith.
