*293 Unit Manila #2 X531*

1. Reference is made to Proceedings of your Board of Review, dated 3 August 1948 and 10 February 1949, recommending individual identification of Unknowns X-4365 thru X-4368, AGRS Mausoleum Manila, P.I., as the remains of:

MATTOX, Samuel E.	1st	15 066 235
COX, Richard	Cpl	6 556 975
GRUI, George	Cpl	37 026 117
MILLER, David L.	Cpl	11 018 833

2. After an extensive study of these cases, it is considered that the evidence presented cannot be interpreted as sufficient for individual identification.

3. The association of these four decedents with the remains recovered from the communal grave, Cabanatuan A.W. Cemetery, is based on information contained in the Cabanatuan A.W. Death Report. Experience with this report has proved it to be a valuable aid for this association of decedents with Unknown remains. However, in repeated instances, it has been shown that the report does not constitute substantive proof within itself. Therefore, it is subject to qualifying or substantiating comparison of dental and physical data.

4. Physical and dental records for the decedents involved in these cases are probably incomplete. They represent a marked similarity which would probably compare equally well with any cross-section of remains recovered from Cabanatuan Cemetery.

5. Since there is no adequate substantiating evidence available in this case, Board Proceedings have been disapproved and are herewith.
