

MAJOR GENERAL William B. Kean, Commanding General, III Corps, was very impressed with the high quality of training at Camp Roberts during the semi-annual inspection this week. General Kean and his III Corps Staff are assigned the mission of supervising, coordinating and inspecting the training of all general reserve units and training divisions in the Sixth Army area. (Shannon Photo.)

## "Extremely Gratified" General Kean Declares

"I am extremely gratified at the progress at Camp Roberts since the last semi-annual inspection." With this commendation, Major General William B. Kean yesterday concluded a four-day inspection of the Seventh Armored Division and the facilities of Camp Roberts.

## Governor Warren To Visit Guard Summer Camp

California's Governor Earl Warren will arrive at Hunter Liggett Military Reservation early tomorrow morning when the field summer encampment of Northern California's 49th National Guard Division holds its annual Governor's Day Open House.

The Governor will land in a C-47 at the tiny wire mesh-topped landing strip near the old San Antonio Mission and then tour the reservation.

The 49th Division is currently engaged in two weeks of intensive field training utilizing lessons learned in Korea.

Other dignitaries who will view the open house are Major General Earl M. Jones, Adjutant General of the state of California and former division artillery commander; Major General Milton B. Halsey, Deputy Commander of the Sixth Army; and Brigadier General Frank H. Partridge, Commanding General of the 7th Armored Division.

Governor Warren will visit each of the widely spread five major bivouac areas in the 243,000-acre reservation and witness combat infantry firing problems including tanks and artillery.

California's highest official will review a regimental parade, present battle streamers earned in the last war to artillery units,

Enlarging on his over-all comment, General Kean added, "I was particularly impressed by the progress that has been made on the bayonet instruction and facilities. I was particularly pleased by the excellent use being made of the experience of our returned combat veterans in the training of new men. A great deal has been learned by our forces in Korea, and the superior application of this experience here has been extremely noteworthy to me."

General Kean further commented, "I firmly believe that the product being produced here—the combat infantryman—is of the highest type. I am confident that the training our men are receiving will insure that the 177 years of tradition of the 'Queen of Battle,' the U. S. Infantry, will be fully upheld."

Summing up, General Kean concluded, "I wish to take this opportunity to express for myself and my staff my extreme appreciation for the effort put forth by each officer and man here in continuing to raise the quality of training to the desired high standard. I am looking forward to my next visit to your post."

and in a ceremony at headquarters he will decorate several officers and men of the division. Following his morning activities, the governor will lunch in the field with the troops before departing the encampment.

## Roberts "Among Best" Is General Swing's View

Camp Roberts is "among the best." The officers and men of Camp Roberts had these words of praise from Lieutenant General Joseph M. Swing yesterday to spur them on to a continuation of the "rapid improvement" which General Swing noted as he led the Sixth Army Advisory Group through an inspection of the post's training and facilities.

The Commanding General of the Sixth Army headed a party which included, in addition to military district chiefs, leading civilians from the states of California, Oregon, Washington, Nevada, Arizona, Utah, Idaho, and Montana.

Interviewed at the conclusion of a luncheon in Weigand Woods, General Swing stated, "Camp Roberts is among the best run military establishments that I have ever laid eyes on."

"I must say that I think that in great measure this high quality is due to the personal efforts of General Partridge."

"In my experience of 40 years, I have never seen any military facility improve so rapidly as this one commanded and led by General Partridge."

The Sixth Army Advisory Group and General Swing and his

staff arrived by plane Wednesday afternoon. The party spent the last hour and one-half of the morning viewing a demonstration of an infantry-artillery-tank team in simulated combat.

The Attack Course demonstration was preceded by a break for coffee and was followed by adjournment to Weigand Woods for luncheon provided by the Food Service Training School.

## Disabled Vets Plan Proposed

A five point plan for the community's assistance in restoring and maintaining the health of the nation's disabled veterans was proposed in Washington this week by the Veterans Administration Chief Medical Director, Vice Admiral Joel T. Boone, Ret., of the United States Navy.

Admiral Boone, who served as personal physician of three Presidents of the United States, presented the plan in an address before the VA advisory committee.

The five points were to provide jobs for the disabled veterans; to provide social and outpatient help for their non-service connected conditions; to support research in cancer, tuberculosis, arthritis, nervous and mental illnesses; to have confidence and faith in them; and to help supply a good professional personnel in the health field by encouraging young people in choosing a career which brings "great personal and professional satisfactions."

The AER drive, with almost three weeks remaining before its conclusion on 10 July, has already brought in a greater total than the 1951 campaign.

## TIC To Discuss Cost Awareness

Cost consciousness—the awareness of the cost of military equipment and of the necessity for its conservation—will be considered in Troop Information Conferences during the week of June 30.

Based on the premise that waste is endangering the nation's resources, the conferences will discuss proper utilization of equipment and its preservation and care as well as the importance of logistics and what waste means to the individual.

## CCA Non-Coms Get New Schools

Non-commissioned officers of Combat Command A are being offered training in two essential jobs by new schools inaugurated this week.

The first school teaches methods of instruction with emphasis on the duties and responsibilities of the platoon leader. Special attention is given to methods of instructing basic trainees in economy and maintenance of equipment.

Safety precautions and vehicle maintenance are featured in the second school which was started to meet a demand for truck drivers. After completion of the course, students will take the standard Army driving test given by personnel of the Post Motor Pool.

## Roberts Rated In USAFI Program

Camp Roberts rated 13th out of 34 military installations in the Sixth Army Area for participation in the Army Education Program. Fort Mason, California, and Presidio of San Francisco held the high percentages in this district.

## CONSERVATION Pool Develops Savings In Manpower, Equipment

Conservation of manpower, money, and skill—a result of pooling weapons and other items of equipment at the division level by the Weapons and Equipment Pool—results in the saving of 43 per cent of the cost of equipping a division.

The Pool, functioning under Lt. Col. Willoughby Tyler, Assistant Chief of Staff, G-4, and operating under the direction of Capt. Vincent Reif, maintains a stock of 43,559 items of critical equipment with a value of over \$1,100,000.

An example of conservation effected is provided by the Browning automatic rifle. The pool system enables a division, which is normally authorized over 500 of these weapons, to give adequate support to training companies with less than 300. Over 200 of these critical weapons are thereby released for combat.

Similar savings, carried out by adherence to a strict scheduling program and by close liaison with the G-3 Section and Division Faculty, have been effected in the case of other weapons, communications equipment, kitchen equipment, tentage, and many other items in scarce supply.

HEAVY WEAPONS SECTION, along with other sections of Weapons and Equipment Pool, maintains stock of 43,559 needed items. (Signal Photo).

# Boxers Go Down Fighting

Camp Roberts put up a hard fight in the Western Regional Olympic Boxing trials at San Francisco last week, but the odds were not in their favor.

With Marion D'Avy and Eddie Nakata battling their way through the semi-finals and into the final decisive bouts, Camp Roberts had

ED NAKATA

a fifty-fifty chance of coming out on top. However Nakata was decisively defeated by Bobby Aragon, Wilmington, Calif., and D'Avy was knocked out by Hawaii's Stan Harrington.

In the semi-finals Eddie Nakata fought Joe Guillen, Sparks, Nev., for the decision. The Roberts' fighter got in some telling shots at close range and out-pointed the Nevada contender.

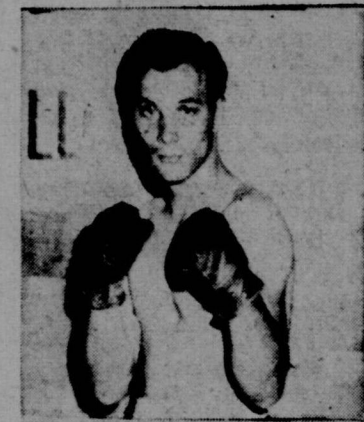

It was a different story in the finals with Bobby Aragon taking the nod and winning the right to fight in the Olympic Games boxing finals at Kansas City this week.

D'Avy sailed into the semi-fin-

als landing stinging rights and lefts to the face of another Camp Roberts' entrant, Will Porter. The flashy little battler copped the decision and then went on to meet Rudy Jordan, Los Angeles. Jordan came out on top with the decision being very close.

However D'Avy went back into the finals replacing Jordan, who was out of the competition due to an injury. Hawaii's Stan Harrington clipped D'Avy's Olympic hopes short when he zeroed in with a right to the jaw, knocking out D'Avy in the first round.

Camp Roberts' other battles did their best, but failed to land in the finals. Carlton Leek defeated John Cobbs, Fort Lewis, Wash., in the semifinals, while

M. D'AVY

the Navy's Don Angell, San Diego, TKO'd Bob Porter, Camp Roberts. Marvin Johnson, Fort Lewis, also connected for a TKO over Roberts Willie Fuller in the first round.

## TV FIGHT RESULTS

Camp Roberts was on the receiving end of Navy's high spirited offensive last week, with the bluejackets from the U. S. Naval Training Station, San Diego coming out on top by winning four of five bouts in the KNXT television battles in Los Angeles.

Charley Hair, 175 pounds, of Camp Roberts was the only victor, knocking out Stewart Blank 174, with a long left swing to the button. The sailor hit the decl after 1 minute and 33 seconds of the second round.

The victorious Roberts' fighter was voted the best boxer of the evening, and was presented with a wristwatch for his fine showing.

The main event featured John Gonzalez, 132 pounds, who opened up a bad cut over John Garrity's right eye in the first round. The Camp Roberts' fighter lost the decision to Gonzalez in 1 minute and 7 seconds of the first round after the referee stopped the fight.

Norm Walker was decisively defeated by Navy's Jim Dupree in a close fight which had been limited to three rounds due to the lack of time on the television show. Walker weighed in at 142 pounds to the sailor's 146.

Flyweight Walt Smith lost the decision to Navy's John Eugenio in a hardfought battle, while teammate Mas Unemoto also went down to defeat under the big guns of the Fleet's Bill Brimson.

TOO LATE—Reserve Command's Bob Ogle swings a little too late while DivTrains' Trzesneski, reaches for the catch. The mighty Reserves won the game, 6 to 1, strengthening their second place spot in the Post League Tournament.

They will meet the undefeated CCA nine 24 June in what promises to be the game of the season. Herbert Appuhn is the umpire.

## Crucial Game Of Season Tuesday

By Jim Seay

## K. C. Bouts May Spell Success For Olympic Hopefuls

Yesterday and today the target dates for 40 boxing hopefuls of the three Services who hope to compete for the U. S. in the Olympic Games at Helsinki, Finland, this summer.

The bouts will conclude the feverish six-month grind of try-outs and tournaments for amateur fighters who've been aiming for the final competition at Kansas City, Mo. The 40 servicemen are the survivors of Service-wide tournaments staged at Ft. Monmouth, N. J. (Army), Lackland AFB, Tex. (Air Force), and in the 15 naval districts.

Winners in the 10 weight divisions include:

With a record of 9 wins and no losses, CCA will be in for a rough and tough battle to prevent ResCom from knocking them off the top of the roost. The Reserves are now in a strong second spot in the post tournament league with 8 wins and 1 loss, and that one loss of theirs was to CCA with a 3-0 tally.

Backed by the outstanding pitching of Bob Ross, who has a record of 75 strike-outs for 8 games, and relief pitcher, Pete Vargas, with a total of 38 strike-outs in 6 games, the CCA team will be well-staffed for the encounter. Ross was formerly with the Washington Senators and made an enviable record with the professional ball club.

Reserve Command's mound will be held down by pitcher Norm Wielansky, who was voted rookie of the year in the East Texas League, and who formerly was with the St. Louis Browns. Wielansky has 45 strike-outs to his credit for the nine games played here.

Comparing the batting averages, Reserve Command appears somewhat stronger at the plate than CCA. Short-stop Sandy Oster is the heaviest hitter batting .500 for 28 times up. Next in line is Glenn Ogle, second baseman, with an average of .354 for 31 times at bat.

CCA is depending upon its heavy artillerymen, Gil Dickens, centerfielder, and Duaine Greenhagen, catcher, to bat in their scores. Dickens has an average of .392, while Greenhagen is close behind with .380.

It promises to be a bang-up game beginning at 1715 hours, Windbreak Field. According to Lt. J. Beley, CCA, and WOJG Lyle Allen, ResCom, these men will be in the starting lineup:

CCA ResCom  
Greenhagen, c Buriner, c

## ResCom Defeats DivTrains Nine Scoring Six Runs

Reserve Command romped over Division Trains last week by a score of 6 to 1, strengthening their number two spot in the post baseball tournament.

The best inning came in the bottom of the fourth, when ResCom's Bob Ogle smacked out a double to center field. Sandy Oster walked, and Jim Grevy hit a ball out to the short stop who threw Oster out, putting Grevy on at first on a fielder's choice. Then Catanzaro connected for a single bringing in Ogle. Gene Danzer followed up with a base hit bringing home Grevy for the tally of 6 to 1, where it remained for the rest of the game.

DivTrains accounted for its run in the top of the fourth when Perez walked. Gomez racked up a single, followed by Krasneski with a base hit bringing Perez across for the score.

The game was marked with two beautiful double plays by both sides. In the top of the fourth, ResCom's pitcher, Wielansky, stopped a pop ball hit by DivTrains' Zuiner. Wielansky threw to Bullock catching the runner at third, and Bullock fired one over to first baseman Grevy for the out.

DivTrains retaliated in the bottom of the fifth when ResCom's Bullock hit to shortstop Zuiner who threw to second baseman Gomez, catching the runner at second, and Gomez tossed to Phillips on first for the completed play.

## CCA Wins Shutout

CCA, behind the 4 hit pitching performance of Bob Ross, shutout CCB, 6-0, to keep their unbeaten record clean.

Vern Highfield got half of the hits for the losers, collecting a double and a single.

Ross found himself in trouble only once in the game. In the fifth inning, with one away, Matsi got on first by an error. Tate then hit safely to put two prospective runs on base, but Ross put out the fire by striking out the next two batters to end the inning.

CCA got 8 hits in capturing the victory, with Price getting 3, and Holmquist 2.

Rogers Hornsby won the National League batting championship six years in succession, ending in 1925.

credit for the nine games played here.

CCA is depending upon its heavy artillerymen, Gil Dickens, centerfielder, and Duaine Greenhagen, catcher, to bat in their scores. Dickens has an average of .392, while Greenhagen is close behind with .380.

It promises to be a bang-up game beginning at 1715 hours, Windbreak Field. According to Lt. J. Beley, CCA, and WOJG Lyle Allen, ResCom, these men will be in the starting lineup:

## WARMIN' THE BENCH

RAY ROBINSON'S sleep these nights must be troubled. The shadowy vision of big, strong Joey Maxim standing atop the light heavyweight boxing ladder disturbs Ray's sweet dream of holding three championships. The time is past for dreaming. The two fighters and Jim

Norris of the International Boxing Club have conferred steadily since Robby's knockout win over Rocky Graziano at Chicago about a June championship bout in either Chicago or New York. Norris wants the bout very much. So does Maxim. Never a crowd-drawer, Maxim seeks a big payoff. This fight could earn \$1,000,000, but the 32-year-old Robinson can't decide.

Is the risk worth the money? Ray at 166 pounds would weigh 20 less than Maxim. Light heavyweight Georges Carpentier was

kayoad in four rounds by Jack Dempsey. Mickey Walker's boxing skills overcame Jack Sharkey's 29-pound advantage, but he could only gain a draw . . . And the money? Ray's asking out of 40 per cent may push his 1952 income into a very high bracket.

Ray has ambitions—to join Bob Fitzsimmons and Henry Armstrong as the only triple champions. Admittedly slowed down, Robinson had to work hard to defeat Randy Turpin, Bobo Olson and Graziano the past year. Training isn't easy any more. A return to Paris and Europe beckons with the reminder of last year's fun and a schedule of revenue-packed exhibition bouts. Still, another title gained from a win over light heavyweight champ Maxim, self-proclaimed as "the world's best jabber," would be the brightest feather in Robinson's cap before he retires. Dreams can come true.

The first basketball game was played in Springfield, Massachusetts in 1891.

## Home Run Game

DivArty defeated DivTrains 8-6 last week, with Ken Curtis knocking out a home run for the victors and John Phillips connecting with one for the losers.

DivArty's Berkshire pitched a nice game, holding DivTrains' batters to scattered hits. Heavy hitter for the DivTrains new was Dale Stuckey with 3 for 4.

## Fort Ord Defeats San Diego Marines

Fort Ord's powerful Army baseball team knocked out 11 base hits to defeat the Marine Corps Recruit Depot of San Diego, 6-1, last Saturday in a game played in the loser's home city.

Tuning up for the California State Semi-pro Baseball Tournament which starts July 11, Fort Ord pitcher Joe Carbonero, who played for Hollywood in the Triple A Pacific Coast League last year limited the losers to five hits.

## ResCom Wins

Reserve Command's baseball team defeated the Quhelinos Jays in San Luis Obispo, 12-2, last Sunday. The winners hit safely 16 times while holding the Jays to 4 hits.

over the crowd with his homey humor. Continually clowning with band leader Wally Milford, Kirk got of some hilarious quips that were greeted with gales of laughter.

played some terrific dancing in their famous train station routine. Their tantalizing rhythms won them a tremendous round of applause from the crowd.

The warm, intimate song stylings of pretty, blonde Dory Claire went over with a sigh as she lent her distinctive voice to two current favorites, "Wheel of Fortune" and "A Guy Is A Guy." Playing on a sax that was al-

The entire show was given a warm reception by the soldier audience in spite of the chilly winds that swept through picturesque Soldiers' Bowl.

Benning Officers Observers Here

Four officers from the Army Infantry School at Fort Benning, Georgia, were at Camp Roberts recently for a two-day observation tour of the post.

Colonel Robert G. Sherrard was interested in tactics and observed the training program being conducted here. Lieutenant Colonel Emmett V. McCrae was concerned with personnel problems and the evaluation of candidates for officer candidate school. Major George W. Mayo observed the weapons training and maintenance, while Major Charles A. Brown was concerned with the intelligence phase of the training program.

Signal Sergeant Awarded Bronze Star

For heroism in action against the enemy in Korea, Sergeant Aldemaro Robledo was awarded the Bronze Star Medal in a ceremony held here June 10.

Sgt. Robledo was presented the medal by his commanding officer, First Lieutenant Carlos E. Vogel, Jr., of Company C, 303rd Signal Battalion.

In Korea, Lt. Vogel served in the same unit to which Sgt. Robledo was attached when he performed his heroic deed. Sgt. Robledo, who has just completed three years of active duty, was discharged from the Army the day after he was decorated.

All of the girls will be seen in a gay, spicy Parisian can-can number appropriately called "Shades of Gay Paree." Pretty Pat Gregg's provocative dance interpretations promise to be one of the highlights as the talented danseuse is scheduled for the moody and sensual "Jungle Cat."

Prominently featured in the cast are the Misses Helen Welles, Pat Lewis, Tina Lower, Aileen Gardner, and gracious Pat Manning plus a host of other glamorous girls.

This sparkling, vivacious musical is a show that everyone will want to see, so plan to be on hand at Theater One Saturday at 1930 hours when Post Special Services brings you "The Girl You Left Behind."

"Basic Ballyhoo" To Be Presented Tomorrow Night

The wheels of the Theater Workshop are humming with activity these days as the enthusiastic members are preparing their first major effort for presentation tomorrow. The time will be 2000 hours and Service Club One will provide the place.

Title of the show is "Basic Ballyhoo" and it is written, produced, directed, and acted by members of the workshop.

"Ballyhoo" is a satire on the life and times of a Camp Roberts trainee, and all of us are familiar with the humorous situations that can arise in basic training.

Among the highlights to be presented is a stinging parody on "Begin the Beguine," which is aptly entitled "When I Begin To Clean The Latrine."

To top off the evening, those eight lovely dancing lassies, the Campus Cuties, will make their Camp Roberts debut in an original and exciting dance routine.

This fast-moving show, "Basic Ballyhoo," will be at Service Club One, tomorrow June 21, at 2000 hours.

Pianist Wins "Talent Time"

The keyboard capers of Bill McDonald garnered top laurels on last Sunday's Talent Time presentation as his nimble fingers flew across the piano in his own interpretation of Chopin's "Polonaise."

Taking second place was Ray Alcorn whose western song styles scored with the Theater One crowd. Ed Harrington's baritone, "With a Song In My Heart" landed him third spot in the popular talent series.

Tapper Kenny Neill's rhythmic dancing in a guest appearance had the on-lookers calling for more. Other guests, the "Combo-Aires" cut loose with some fine progressive jazz on "C-Jam Blues" and "Perdido."

The show was ably emceed by Jack Lucken, and Johnny Morrison capably provided the piano accompaniment.

Talent Time is a weekly Sunday evening feature at Theater One starting at 2000 hours.

Basic For ORC Advance Pending

Washington—Legislation providing a statutory basis for promoting Reserve officers is being considered by the House Armed Services Committee.

Mrs. Anna Rosenberg, Assistant Secretary of Defense, says that the bill provides systems for equality of opportunity for promotion. She thinks it will result in an adequate number of qualified officers in the proper grades. The victim was hit by a 30- and ages to meet Service needs.

"The proposed Reserve Officer Personnel Act," she emphasized, "assures that the best officers are advanced and the inept and inefficient are eliminated."

The Defense and Treasury Departments prepared the legislation for submission to Congress.

Looks At Books

In the mood for an action packed western, full of cowboys, rustlers and bandits? Then here are some which are sure to please you. "STORY RILEY" by Lee E. Wells is a story of a wandering New Mexican cowboy who gets killed the great Slash-S ranch, but on one curious condition—Tonto must solve mysterious murder of a man shot there some 100 years before. Gunplay and fist-fights involve Ruby gal from the Golden Saloon, a likable gambler with a motive to kill, as well others from the adjoining outfit, the Rafter-K, and Lois King, the owner's daughter, whose beauty captures Tonto's heart while he tries to solve the murder. Of course no selection of westerns could be complete without your old favorite Hopalong Cassidy. So here is another of his adventures, "HOPALONG CASSIDY, THE BLUE SHOOTER" by Tex Burns. Hopalong rode into the valley of Pocket Fork in answer to an urgent appeal for help from an old Bar 20 friend, Pete Melford. But he arrived to learn that Pete was dead and that Pete's niece, Cindy Blair, could find no trace of the ranch he had left her. In order to get information, Hopalong hired out to Colonel Justin Tredway, owner of the Box T and Klumpin in the outlaw town of Natchina, contracting to round up five hundred head of cattle which had strayed into the rattler-infested brush country near Chimney Butte. And in the days that followed, he found the missing ranch, the missing cattle, the strange and fearful lights on the haunted plateau called Babylon, and a five-year old gold robber, and had more than one close brush with death, stalking a dead outlaw who could still shoot. So if you're westerns fan, come to your libraries.

DROP DUE JULY 1

Clothing Allowances Cut To Match Price Decline

Beginning July 1, clothing prices for servicemen and women will decline about 15 percent. With the price decline will come a similar dip in initial clothing allowances as well as monthly basic maintenance and standard maintenance allowances.

Service Club Two Features Circus

The circus is coming to camp! Service Club Two, located at East Garrison, formally opens "The Circus Room" next Wednesday at 1930 hours with an appropriate circus.

The 7th Armored Division Band will furnish music for the circus which features sideshows, clowns, barkers, big-ring entertainment, fortune teller, and booths of fun and skill. Everything is free.

Another unusual program of fun is planned Sunday at 1400 hours as Service Club Two racing season gets underway. A fast track is expected for the opening day of races.

The track will be 100 feet long and the horses made of cardboard, but all the thrills of big time racing will be enjoyed.

These are only two of many fine activities that appear each week at the East Garrison Service Club.

The Japanese yew tree is one of the best evergreens for city planting. It does not need much space.

Formal Defense Department approval is expected shortly and the Services have already begun publishing new price lists. Basic maintenance allowances for all Services will drop from \$5.10 to \$4.20 per month.

Standard monthly allowances for both men and women will also decline. Women of all Services will receive \$6.00 per month where they formerly received \$7.20. Enlisted men of the Navy and Air Force will receive \$6.00 where they formerly received \$7.20, and men of the Army and Marine Corps will receive \$5.40 where they formerly received \$6.60.

The Army's monetary value of initial issue will drop from \$200 to \$172.91. The reason for this is that the wool shirt is no longer part of the initial issue. Henceforth it will be organizational clothing issued only when specifically needed.

Such items as the Army raincoat, for example, will decline from \$7.35 to \$5.60, OD trousers from \$12.95 to \$10.80 and khaki shirts from \$4.00 to \$3.40.

New price lists will reach the field as soon as formal approval is reached.

The reason given by Defense Department officials for the decline in prices is the fact that in recent months there has been a sharp reduction in the price of wool imports.

Mobile Educational Unit Due For Eight-Day Stay

A traveling education center is coming to Camp Roberts Monday for an eight-day stay. It's the Sixth Army USAFI Mobile Unit, and it's designed to help prospective students who want to continue their education while in the service. The unit will conduct registrations for USAFI courses at the high school, vocational-technical, or college level.

Table with columns: PLACE, DAY, HOURS. Lists various units and their schedules from Monday, 23 June to Tuesday, 1 July.

Cute Cowgirl

The butcher was busy waiting on a customer when a woman rushed in and demanded, "Give me a pound of cat food, quick!" Turning to the other customer, she said, "I hope you don't mind my getting waited on before you."

"Not if you're that hungry," the other woman replied. Wife: "I don't think I look 30, do you, Darling?" Husband: "Not now, dear, but you used to."

A soldier was outlining the principles of soccer to a group awaiting assignment in Korea. "If you can't kick the ball, kick one of the men on the other team," he said. "Now, where's the ball?"

A young private shouted, "Never mind the ball, let's go on with the game."

An old maid was giving her order in a restaurant. The waiter asked, "How would you like your rice?" "Throw it at me, big boy," replied the spinster.

Hear about the guy who spent so much money dating a gal that he had to marry her for his money?
