KOREAN VET

Name Lieutenant Colonel Kaulakis Chief Of Faculty

Lieutenant Colonel Edward S. Kaulakis has been named the new chief of the 7th Armored Division Faculty here.

During the Koje-Do prison camp riots in Korea last year, Colonel Kaulakis led the 187th Airborne Battalion when it quelled the uprising in notorious compound 76. This was the compound in which most of the Red Korean leaders were imprisoned. He qualified as a paratrooper after more than twenty years in the Army.

Veterans To Get Data On Rights

Washington—A broad program to inform servicemen of their rights, benefits and privileges under Federal laws has been adopted by the Defense Department.

Under the program, one million men due for discharge in the coming year will receive comprehensive information giving him the who-what-where-when-and-how of all agencies of the government whose activities may concern him.

Backbone of the program will be a new pamphlet, "Going Back to Civilian Life," put out by the Defense Department's Office of Armed Forces I&E. Included in the publication will be information on the following:

Re-employment rights, getting a new job, civil service preference, government insurance, the WWII and K-Vet bills with their provisions for mustering out pay, unemployment compensation, education, on-the-job training, and loan guarantees.

It also includes farm loans, Soldiers' and Sailors' Relief Act, homestead and housing preference, social security benefits, review and correction of records, disability benefits, retirement pay, burial, state and local benefits, agencies of advice and counsel, obligations after separation, and, most important, the deadline for each of the various programs will also be included in the pamphlet.

The new publication is scheduled to be ready for mass distribution by April 1.—(AFPS).

24 States Send Flags To Korea

Flags from half of the 48 states provide a banner collection for two men of the 179th Inf. Regt., 45th Infantry Division.

The flags, ranging in size from from Indiana to the postcard size from Maine and Nevada, were donated free for the asking to Cpl. Larry Marzulli and PFC. Glen Baker, both mortarmen.

The collection started when Marzulli and WOJG James Rogers, unit administrator, asked Ohio and Washington, home states respectively, to send their flags. Both states promptly filled the order.

Then the corporal teamed with Rogers and the pair wrote to the governors of the 46 remaining states. While only half sent banners to the men, the others took time to explain why their flags couldn't be sent.—(AFPS).

Housing Units Still Available

Housing units are still available at Almond Acres, in San Miguel, for both officers and enlisted men and for civilians employed on the Post.

The Post Trailer Park also has space available for military and civilian personnel. A new housing unit, Grandview Apartments in Paso Robles, will shortly open for occupancy.

The Housing Director's Office, Bldg. 3031, phone 57, is accepting applications for all three sites. Further information may be obtained from Capt. Ted Capps, Post housing officer.

Honor Medal Awarded

The Army and Marine Corps have presented six more Medals of Honor to relatives of men killed in action in Korea. This now totals 87 since the beginning of the Korean conflict. Fifty-seven medals have been awarded to Army men and 27 to Marines. There have been two awards in the Navy and one in the Air Force.—(AFPS).

Following this Sipes marched Cpl. Redmond up and down the company street putting him through the manual of arms all the while.—(AFPS).

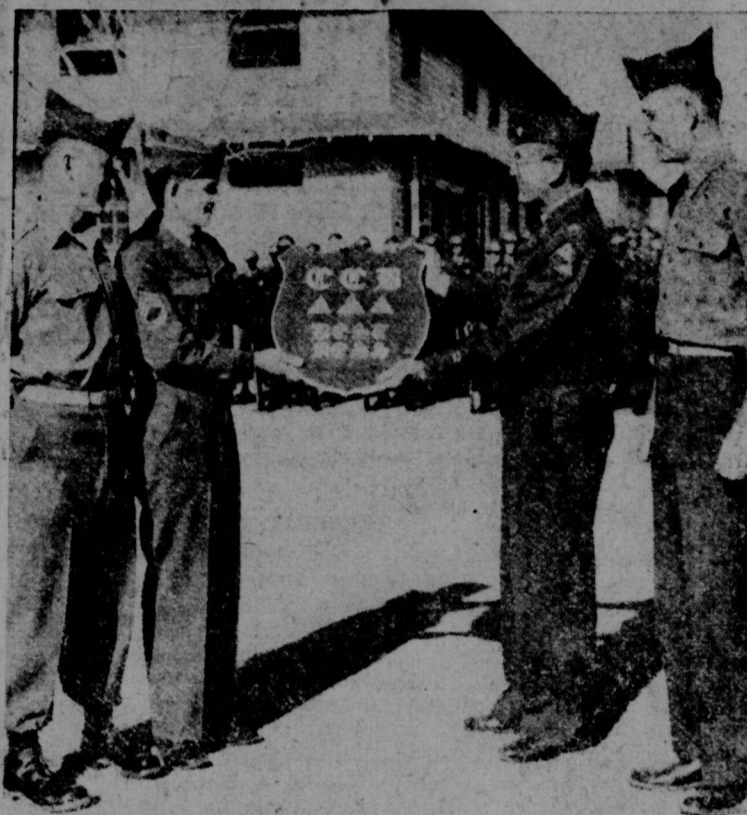

Food School To Feed CCB Men In Field

Personnel from Food Service Sub-School will feed men from CCB in the field starting next month, from a field truck.

The trucks are equipped with field kitchens and are similar to those used in Korea. Lt. Alan Willyard is the Food Service Supervisor for CCB.

Besides cook school students who will get experience in preparing food out-of-doors, the men in CCB will have the opportunity to eat their noon meal in the field.

CCB Company Wins Mess Award

BEST MESS IN CCB for the month of January is awarded to Company B, 94th MTB. Standing, left to right, around award plaque are 2nd Lt. John D'Ovazio, Sfc. Alvin Bagley, Lt. Col. Geiser and 2nd Lt. Willyard. (Signal Photo)

782 PINTS

Three Day Blood Drive Brings New Post High

A record number of 782 pints of blood was donated by Camp Roberts military and civilian personnel last week.

This amount represents the largest amount of blood drive held at the post.

In the drive, which lasted from January 28 through 30, 1179 persons volunteered to give blood. However, because of the large number of colds, 397 prospective donors had to be turned away.

The total collected is the largest amount of blood donated since June of 1952, when 984 pints of blood were collected in a five day period.

The San Jose chapter of the Red Cross furnished trained nurses for the drive. And local chapters from Paso Robles and Atascadero handled registration of volunteers and helped fix coffee and refreshments for donors.

The Camp Roberts Blood Bank is under the direction of Capt. Alden J. Brochier, post public information officer. He is aided by 1st Lt. John Edwards and SFC David L. Stanley.

Regular and Reserve officer volunteers can apply to the Adjutant General, Washington 25, D. C. by letter. A statement of desire to enter the field and a brief biography of the officer's qualifications must be enclosed.

Officers who have already applied for the new career field will not have to re-apply.

Qualifications are as follows: 1. Must be at least a 1st lieutenant with a minimum of three years' active duty.

2. Must not be a member of the Army Medical Service, Judge Advocate General's Corps, or Army Chaplain's Corps.

3. It is desirable that applicants have a B. S. degree encompassing training in electronics, chemistry, physics or mathematics. Exceptional cases volunteers without the above qualifications may be accepted.

Those who qualify and are chosen for the new career field will retain their respective branch assignments.

MINE WARFARE

Indoctrination Classes To Start For Permanent Party

A course in mine warfare indoctrination, 6th Army area wide in scope, is being inaugurated locally at Camp Roberts today.

Start of the course in 6th Army area began last month when a conference of commanding officers was held at the Presidio. Following, a team of instructors from 6th Army conducted courses at selected posts for personnel from other posts nearby.

The Camp Roberts course was held from the 18th to the 19th of January for students from southern California and Arizona installations. On graduating these students returned to their home stations, and this month will conduct 8-hour courses in mine warfare for all non-trainees.

The 8-hour course at Camp Roberts will be conducted at three places: Building 7010, Building 6422, and Building 2021. The 8-hour course in each of these buildings will be given sixteen times.

The camp requirement is that all officers and enlisted men, not trainees, will attend in accordance with the daily quotas announced in Training Bulletin No. 1 from this headquarters.

Trainees already have the equivalent instruction in their mines and booby trap work.

Described and possibly shown at the local courses will be the T-41 mine which is powerful enough to throw the track on a tank. This mine, however, is primarily anti-personnel, a defensive weapon to be placed in advance of our positions.

Present Silver Star To Lieutenant Curtin For Action In Korea

The Silver Star for gallantry in action was awarded last week to 1st Lt. Francis A. Curtin, Post Hospital, by Col. Augustus J. Regnier, commanding officer, 6100 ASU.

Lt. Curtin was with the 34th Infantry Regiment, 24th Infantry Division near Kogong, Korea, when he realized that Company C had been encircled by the enemy, reads the citation.

"Knowing that it would take the medical section of the first battalion some time to arrive, he volunteered to return to Company C positions."

While still under heavy fire and without regard for personal safety he administered to the needs of the wounded. He then proceeded to evacuate them and probably saved the lives of several men.

His selfless actions and devotion to duty "reflect high credit on himself and is in keeping with the highest traditions of the medical department," the citation concluded.

News Wanted From Overseas Personnel

If you are going to Korea, the Camp Roberts PARADE would like to keep in touch with you.

The editors will welcome letters from former Camp Roberts personnel telling how training here has been of assistance in combat. Pictures are also desired and the pictures and news items can be sent to the Camp Roberts PARADE, Camp Roberts, California.

Word To The Wise

Washington, D. C. (AFPS)—The Army has issued an order that will send most soldiers convicted of being AWOL to the Korean zone of operations "by the first available surface transportation." The Army declared that the order was a move to prevent men deliberately going absent without leave to escape overseas shipment.

CHAPLAIN'S MESSAGE

"Our Beginning And End"

By CHAPLAIN (CAPT.) GERALD F. CLUNE

Nothing happens by accident. Whatever happens must be caused by someone, or something else. It is true that things can and sometimes do happen coincidentally, but nevertheless each of those things had its own particular and individual cause.

This world of ours and everything in it did not happen just by accident. It had to be brought into existence by someone or something else. This we call "creation" in its perfect sense, that is, to bring into being something out of nothing. Thus to create could be the work of only something or someone completely above and independent of the created universe.

As we view the world about us in all of its beauty and observe the order and harmony which exist throughout all of the universe, we are convinced of the intelligence of the creative power which makes it so. Blind force could not have produced such acts of intelligence as only a person is capable of an intelligent act.

This being who had no beginning and caused other things to exist and live, and who guides and rules the universe, we call God. Because this is an act of infinite intelligence and only a person is capable of such acts, we correctly call "Him" a person.

A man usually has plenty of nightmares before paying off the mortgage on his dream home.

The quest is often more stimulating than the conquest.

thus, "Our Father Who Art in Heaven."

The existence of a supreme and infinitely perfect God is clearly demonstrated by the light of human reason. To reason otherwise is to do violence to faculty of human intelligence, for only the fool has said in his heart, "There is no God."

As the creatures of God we are not placed here on this earth by accident. As is true in every instance, God has his reasons and purposes. Our lives here are but the means of obtaining a more glorious end. As we come forth from God, our true home is Heaven and our greatest joy the reunion with our God. Truly it is said, "Our Hearts Are Made For Thee, O God, and never will they rest until they rest in Thee." God made us that we may know him, love him, and serve him in this life, in order that we may be forever happy with Him in the life to come.

If you relax when you can, you will be able to do more work when you must.

Use The Trash Can.

TELL EXPERIENCES

Chaplain Tavel To Address United Church Women

Col. Henry Tavel, post and division chaplain of Camp Roberts, will speak tomorrow to the United Council of Church Women at the Christian Church, 1915 Chapala Street, Santa Barbara.

Col. Tavel has recently returned from three years' service in Germany to take his post here. He is the highest ranking Jewish Rabbi in the United States Army.

The subject of his address will be "Experiences of an Army Chaplain in Europe." The United Council of Church Women is a general department of the National Council of Churches of Christ of the United States.

Also on the afternoon program will be a demonstration of dramatic movement and rhythm in interpretation of religious ideas. The public is welcome to attend all or any part of this meeting, according to Mrs. Lawrence Wheeler, president.

Missions Here On-Post Soon

There will be both a Protestant and a Roman Catholic Preaching Mission on-Post from 22-27 February.

The Roman Catholic Preaching Mission will be conducted by the Very Rev. Augustin Hubrecht, of San Antonio Mission, Hunter-Liggett Military Reservation.

Reverends James Upshaw, Walnut Creek, and Alexander Fleming, San Francisco, will conduct the Protestant Preaching Mission. They will preach at three services each on Sunday 22 February, and in the evenings will conduct two services each.

Let's Keep Our Health

Last week we mentioned some points to remember concerning the health of our dependents—especially our children. But whether or not we are with our families, it is essential to know something of the health problems in the civilian communities about us.

It is of interest to take a look at the 1953 summary of the health of California, as it is reported in "California Health" of 15 January 1953. This is an official semi-monthly publication of the California Department of Public Health.

Communicable disease control had been quite good in 1952 except for two as yet unsolved problems. One is encephalitis, the so-called "brain fever" that is a virus spread by the bite of a mosquito. From June to October 1952, there were 752 cases of this disease in California. Much was accomplished in the way of mosquito control activities to limit the number of infections. And this should point out to us in the Military another reason for our constant efforts to reduce the number of mosquitoes in our environments.

The other unsolved problem is that of poliomyelitis. Approximately 4,000 cases were reported in California for 1952; but there were only two cases at Camp Roberts. These were both five-year-old dependents of Army personnel.

Births outnumbered deaths 5 to 2 in 1952. Heart disease continued to be the leading cause of death, with cancer and accidents following in that order.

Another disease that points a warning finger and should be of particular interest to us is the increase in animal rabies. The number of cases in animals in 1952 increased 2 1/2 times over the number for 1951. With the increasing number of animals infected it becomes more and more important for us to continue the enforcement of our rabies control program to protect animals and man. Fortunately, there have been no cases detected in the immediate vicinity of Camp Roberts. However, it remains the responsibility of company commanders to rid their areas of stray dogs.

Truly great strides have been made in the prevention of disease, but much remains to be done and it requires the help of one and all, both military and civilian, to carry on our campaign to overcome the constant threat from disease.

Any questions or comments that you may have on these or other matters pertaining to our health will be welcomed by the Preventive Medicine Office, Camp Roberts, telephone No. 97.

Service Club Has Travelers Cheques

Bank of America Travelers Cheques are now available at Service Club, 1. Being close to the finance office, the club is a handy place for these being separated or receiving travel pay. The office is open six days a week, Tuesday through Sunday from 0900 to 1800 hours.

Mr. Ralph Lockwood, who is in charge of the office, will call at any specific location at any time. Contact him at Service Club 1, Extension 130, for further information.

Did You Know?

Fourteen privately owned toll roads still exist in the United States, most of them access roads to mountain tops or seashore resorts. Their total length is 71 1/2 miles.

Honey makes a good sauce for ice cream, as it doesn't cause the cream to melt faster.

T&E NOTES

Seen any accidents lately? What are you doing to have on your next pass or leave—fun or a funeral?

Perhaps you think you see too much safety advertising on billboards and posters. Maybe you don't even notice them anymore?

Is it going to take an accident—a broken arm (or a broken neck)—to make you "safety conscious"?

This week's Troop Information Conference is a refresher course on the whys and wherefores of accidents. You'll pick up some pointers you haven't come across before.

And your caution may be aroused just at the time you need it most.

A new civilian education advisor has taken his position in the Education Department. He is Mr. John P. Schiro, who has replaced Mr. Hans Nygaard.

Mr. Schiro was formerly at Camp Cooke, and has been associated with universities and colleges in the New Mexico area.

Are You A Good Soldier?

Ask yourself the following questions. Score 10 points for each "yes" answer. Scores are listed below.

- (1) Did I include an oral greeting with the salutes I exchanged today? (—)
 - (2) Was I careful not to throw any of those cigarettes I smoked on the ground? (—)
 - (3) And was I sure that none of the matches were thrown on the ground? (—)
 - (4) Is my uniform clean? (—)
 - (5) Do I put scraps of paper in my pocket until I get to a trash can? (—)
 - (6) Do I always stand in the presence of my superiors? (—)
 - (7) Am I always careful never to throw popcorn boxes and cola bottles along the roadside? (—)
 - (8) Do I always stand like a soldier, keeping my hands out of my pockets? (—)
 - (9) Was I careful today not to throw any trash from a moving vehicle? (—)
 - (10) Do I do my share to keep this post neat and clean? (—)
- Total your points and find below what kind of a soldier you are:
- 100—A sharp, alert soldier.
 - 90—An above average soldier.
 - 80—A careless soldier.
 - 70—A sloppy soldier.
 - 60—An extremely poor soldier.
 - 50—A discredit to the uniform.

INCOME TAX

Many State Regulations Pertain To Servicemen

(This is the first in a series of articles dealing with state income tax.) Washington (AFPS)—Many servicemen and women will be required to file income tax returns with state territories and U. S. possessions. Active service does not excuse payment in all areas.

Members of the Armed Forces, whose legal residence or domicile is in a state, territory or possession which has a personal income tax, will be subject to the same regulations as applies to civilian income unless specific legislation stating otherwise has been enacted.

Servicemen will be subjected to taxes in the area in which they claim residence. This may be their previous permanent home address or their present military address.

The following tax charts and explanations apply only to Service pay received while on active duty. Quarters and allowances are not included in taxable income.

The following have no personal state tax:

Connecticut, Florida, Illinois, Maine, Michigan, Nebraska, Nevada, New Jersey, Ohio (except in some cities), Pennsylvania (except in some cities), Rhode Island, South Dakota, Texas, Washington, West Virginia, and Wyoming.

The following states and territories have state taxes but have made specific regulations concerning servicemen:

Alabama—All active-duty pay is exempted during Korean conflict and for six months thereafter.

Arizona—\$1,500 of active duty pay is exempted.

Alaska—All active-duty pay is exempted starting 1 Jan. 51.

Aarkansas—All active-duty pay is exempted.

California—\$1,000 of active-duty pay received after June 30, 1952, is exempted.

Colorado—\$2,000 of active-duty pay during a time of war or national emergency is exempted. \$1,000 is exempted at any other time.

Delaware—\$3,000 of active-duty pay is exempted.

Georgia—\$1,500 of active-duty pay is exempted from 1950-51-52.

Hawaii—All active-duty pay is exempted from taxes.

Indiana—All active-duty pay is exempted.

Kansas—\$1,500 of active-duty pay is exempted until Dec. 31, 1953.

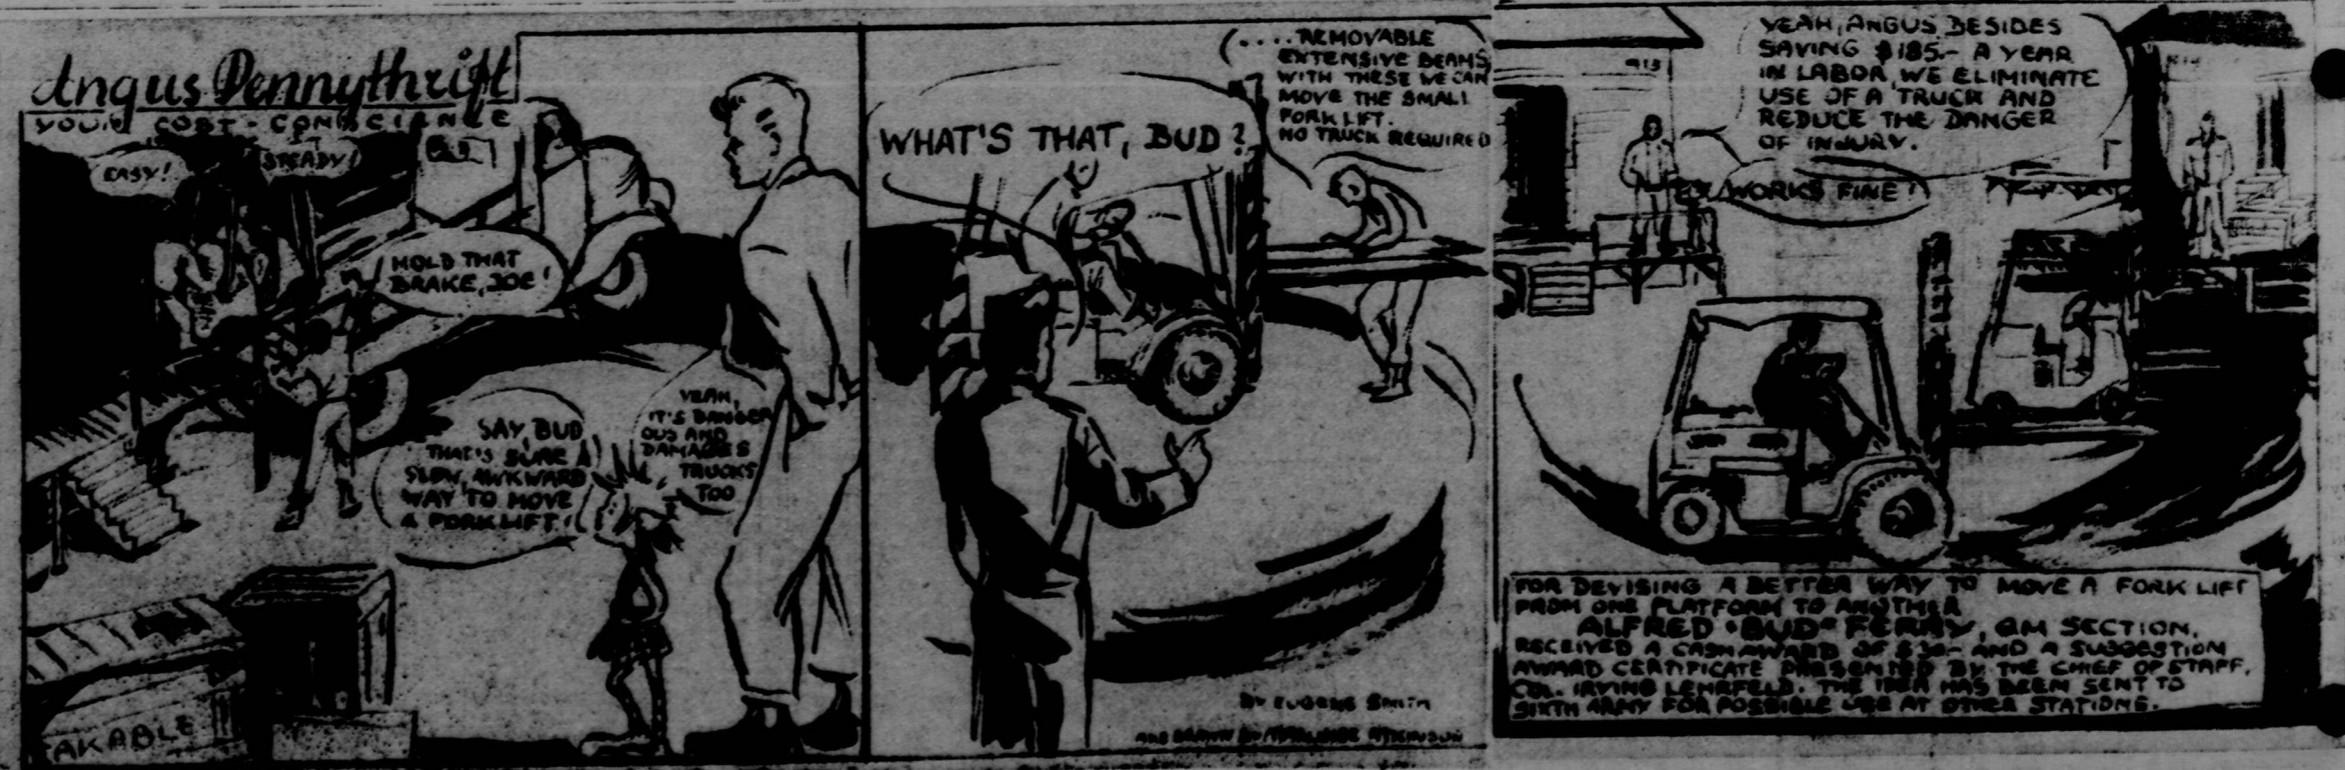

Kentucky—All active-duty pay received after Dec. 16, 1950 is exempted.

For Him It's Easy

The "ironman" is returning to the college gridiron wars and brings with him the hopes for future football prosperity.

The football rules committee of the NCAA at a recent meeting killed the free substitution rule by a unanimous vote. The new regulation states that players removed from the game during the first and third periods may not return to action in those periods. Players withdrawn before the final four minutes of the second and fourth periods may go back into the game in those last four minutes.

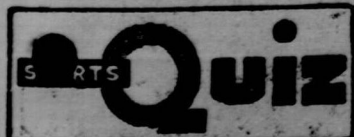

Thus, with the elimination of the collegiate two-platoon system, an age of gridiron specialists bows out. Growing out of the diverse formations of the early 40's and an increasing demand by fans for a more specialized and systematic style of play, the two-platoon plan brought disaster to many a collegiate campus.

Fifty small schools were forced to abandon football because of the huge squads and the big coaching staffs demanded by the need for many defensive and offensive experts. Further drastic de-emphasizing of the sport was in store for 1953.

The rules committee also outlawed the disputed "sucker shift" by redefining "a false start" as "a shift or movement which simulates a play or the beginning of a play." Use of the "sucker shift" now will cost a team a five-yard penalty.

The two-platoon system was hatched in 1941 when unlimited substitution was granted. Gradually, the game developed into a battle of specialists as confused fans pondered over "who's who" in the jerseys.

The new regulation probably will not hurt the challenging play of the collegiates. If anything, the 60-minute man will restate a lost era of all-around athletes. — AFPS.

Service Battery Takes Win From "B" 77th AIB

Boxers from Service Battery of the 87th AFA Battalion punched out a 5-2 team victory over the mittmen of "B" Co., 77th AIB, at a Smoker in the Sports Arena last Thursday.

Duane Newman gave Service Battery one of its most convincing wins of the match when he KOed Hubert Nash in one minute, 45 seconds of the first round.

Another quick victory for Service Battery came in the final bout on the card when Pedro Rodriguez, after a first round of furious slugging, took a TKO over Elmer Suer in 45 seconds of their second round.

Duane Meeker gave Service Battery another win when he took a unanimous decision over his 77th AIB opponent, Paul Williams.

The jarring right hand of Wayland Douglas of 77th AIB brought him a unanimous decision over his Service Battery opponent, Warren Ratliff in the fourth bout of the card.

Another unanimous decision for the crew from the 77th came in the opening bout of the Smoker when John Scott overpowered Ed St. Clair with some powerful rights.

Raiders Rack Up 104 Points Over Nellis AFB Jets

In a literal runaway, the Raiders zoomed by Nellis AFB last Thursday 104-63 for one of their most one-sided victories since they handed the El Toro Marines a 101-62 defeat earlier in the season.

With the score more than double that of the Jets' at half time, the Raiders stretched the lead out to a lopsided win as everyone seemed to be on a scorpsree. Bobby Winkles tossed in 16 points for the Raiders. In close succession behind were Pease with 15, Joey Johnson who scored 14, Loscutt with 13, Wheeler with 12, and Rooney with 11.

Rigletti led the Jets in scoring and copped high honors for the evening with his 22 points.

Paso Robles Gym Packed To Watch Benefit Tilt

An enthusiastic crowd bunched themselves into the bleachers, sat on the floor, and lined the walls of the Paso Robles High School Gym Monday night to laugh at and applaud the antics of basketball players from the House of David and the Harlem Clowns at a game staged to benefit the Paso Robles Baseball Park Fund.

In the opening game of the laugh-session, the bearded sages of basketball from the House of David beat Johnnies of Paso Robles 50-40, in a rollicking tilt that gave the fans a peep at some great ball playing coupled with the amusing pranks of the pros.

The Harlem Clowns, featured in the second tilt of the card against the Camp Roberts Raiders, had a rough time making things funny as the Raiders turned on the heat and forced the famous New York quietest to really get in and play ball.

Ed Carter of the Clowns amazed the packed house with some of the most accurate shooting ever witnessed by any basketball fan, as he ripped the net for 29 points.

Carter's side kick, lanky George Moore, proved his worth as he sank 24 points for the invading Kings of Mirth.

The determined Raiders clicked a few times during the tilt and forced the Clowns to play ball instead of joke, as Winkles hit for 14 points, and Raider center, Pease, hit a few hot spots that brought him 12 counters before the game had ended.

Virgil Sullivan drove in several times for some beautiful lay up shots as he added another 11 tallies to the Raider score.

Early in the fourth quarter, the tension of the tilt was halted when the Clowns staged their famous baseball act which kept the crowd in an uproar during its progress.

Pre-game arrangements had stated that the Clowns were to receive the privilege of unlimited fouls and score keepers were more than bewildered as they chalked up six or seven fouls against members of the Harlem quintet.

The laughter that filled the too full gymnasium more than proved the Clowns' ability to entertain. Out of the confusion of it all, they handed the Raiders a close 74-66 defeat.

BOBBY WINKLES
This fiery Raider speedster began his hoop career at Swifton, Arkansas High School where he was an all-district star for two years while leading his team in scoring with 1,360 points in his junior and senior years. His collegiate career was spent at Illinois Wesleyan University where he was a three-year varsity star. In addition to winning the distinction of being the outstanding defensive player in his conference, Winkles was named to the Small College All-Star team in his senior year. Now a spark on the Raider squad, Winkles doesn't let his 5 ft. 9 in. get in his road. He is presently leading the Raider scoring column. Has packed up a game average of 13 points this season.

Undeclared Season Gives Team Crown For Third Year

Bowlers of 6100 ASU defeated a team from Reserve Command last Monday night 4-0 to capture the post bowling crown for the third consecutive year.

6100 successfully whizzed by every opponent in the '53 playoffs to complete an almost spotless record. With a scoring possibility of 4 points per game, the team scraped in every point of each of their matches with the exception of one lone point which was dropped to CCA.

The record for the crown holders reads thusly: 6 wins, no losses, a total of 23 points scored over opponents, and one point lost to opponents.

CCB outscored 7th QM to cop second place honors with a record of 4 wins and 2 losses, a total of 17 points scored, and 7 points dropped to opponents.

7th QM, also sporting a 4 win, 2 loss ticket, dropped down to third place as they scored 13 points and let 11 points slip into contenders' hands.

Fourth place dropped into the hands of DivTrains. Fifth place went to CCA. DivArty pulled sixth out of the playoff, and Reserve Command wound up in the league cellar.

A breakdown of league scoring looks like this:

Team	Won	Lost	Tied
6100 ASU	6	0	0
CCB	4	2	0
7th QM	4	2	0
DivTrains	2	3	1
CCA	1	3	2
DivArty	1	4	1
ResCom	1	5	0

Team	Points For	Points Against
6100 ASU	23	1
CCB	17	7
7th QM	13	11
DivTrains	10	14
CCA	10	14
DivArty	6	18
ResCom	5	19

JOEY JOHNSON
This 6 ft. 4 in. Raider averaged 22.7 points per game as an all-state forward in high school for two years. Spent his freshman year at Oklahoma A. & M. after which he transferred to Centenary College of Louisiana, where he starred on the varsity squad for three years. During that period he amassed a total of 1,460 points and received numerous honors. The quiet forward is a hustling player that likes to control the backboards. His great defensive play combined with his knack for hitting the hoop have made him a bright spot on the Raider squad.

SPORTS ROUNDUP

Sampson AFB, N. Y.—A3/C Jim Atkinson, Rome, N. Y., stationed here, is presently representing the U. S. in the 1953 World Bobsted championships now being held in Garmisch-Partenkirchen, Germany.

A member of the nation's top bobsted crew since 1948, the 24-year-old Sampson airman has competed in five previous world events, including the 1952 Winter Olympic games at Oslo, Norway.

Pittsburgh, Pa.—Leo Elter, star football player for the Paris Island Marines during the last two years, has signed to play for the Pittsburgh Steelers after his discharge in August. He formerly played for Duquesne.

Hickman AFB, Hawaii—Capt. John Toomay, USAF, star hoopster who was seriously injured last season, is making an amazing comeback this year with the Hickman Flyers. The 6' 7" center averaged 33 points per game in a recent basketball tournament held here. He had been sidelined last season after a spinal operation.

Former star of the College of Pacific, Denver Nuggets, Chicago Stags and Washington Caps, Capt. Toomay was leading scorer in last year's Hawaiian AF League and University Invitational Conference.

RECORD REVIEW

New Discs Feature Kay Starr, Lita Roza, Others

By SGT. JAMES RHODES

Let's take ten and dig a few sharps and flats emanating from the wax works for this week.

"SIDE BY SIDE" with Kay Starr is by far her best effort to date. The old gimmick of re-recording has been overdone lately but when it's handled by a thrush like Kay the whole thing's fresh and original. (CAPITOL).

From London comes a chirp named Lita Roza hitting a new high in Klonek-celent sobbing. Paired together both sides of this flip read, "I WOKE UP CRYING," "TEARS." Myself, I woke up yawning.

Just about everyone in the country, with the possible exception of Mortimer Snerd, has taken a crack at recording, "OH, HAPPY DAY." They've all made successful waxings of this novelty but I'm remaining adamant for one by Mortimer. No one, mind you no one, but Mort could do justice to this one.

Steinbeck Writes About Settlers

Of special interest to Camp Roberts personnel is John Steinbeck's latest novel EAST OF EDEN—a story of the early settlers around King City here in the Salinas Valley.

Considered by many reviewers as Steinbeck's best work, it is primarily a parable of the search that sent pioneers to the Far West with the hope of finding "Eden"—that paradise on earth that eludes us though we as a people continue to hope for and believe in it.

Action of the story gives a convincing meaning to the Biblical stories of Adam and Eve and Cain and Abel. Adam Trask comes to the valley full of joy and the conviction that he has found his "Eden" only to be monstrously betrayed by Cathy, his "Eve."

His twin sons Caleb and Aaron, deserted by their mother, grow up in the valley and their story demonstrates Steinbeck's theme that every man is a potential Cain and Abel—that it is impossible to live without guilt feelings and unjust rejection, that there is both good and bad in every human being, but each has the power to choose his own course, whatever his conditioning.

Steinbeck himself says of the book, "It has in it everything I have been able to learn about my art or craft or profession in all these years. Do you know, I want terribly for people to read it and like it. I'll be miserably if they don't."

Cherry Festival, Pie Contest Plans Taking Form

Plans for the Cherry Festival are shaping up rapidly, with the Service Clubs and the Food Service School sponsoring the event.

In conjunction there will take place, in Service Club No. 1, the second annual Cherry Pie Baking Contest on 21 February. Rules and regulations governing the contest are being distributed now.

This contest is open to every cook and baker on-Post. Prizes to be awarded will be on display at Service Club No. 1. Additional information will appear in forthcoming issues of Parade.

Heading the Board of Judges is Major Thomas F. Montgomery, QMC, post food advisor. Other judges include Capt. Walter D. Teague, QMC, assistant post food advisor; Capt. Sylvan P. Walgren, QMC, commandant, Food Service School; PFC Gerald Schmidt, 34th Engineer Combat Group; Mrs. Juanita Gushman, home economics department, Templeton High School; and Mrs. Mavis Miller, Public Information Office.

Marie Wilson has again offered her services as a secretary to the highest bidder—money goes to the March of Dimes. . . The Navy's highest civilian award, The Distinguished Public Service Award, has been given to the three representatives of NBC, who assisted in the production of the TV show—"Victory At Sea." The program itself was awarded the Sylvania Television "Grand Award" for 1952.

The Deep River Boys have returned from a triumphant European tour, which included visits to Army and Air Force bases in Germany and England.
