

Roster of Company "B", 23rd Armored Infantry Battalion, 7th Armored Division

Wesley Johnston, Historian, 7th Armored Division Association

<http://www.7tharmdiv.org/docrep/X-23B-Roster-1944-04.pdf>

The single-page B/23 roster on the second-next page was obtained by Niek Hendrix of Opsel, Netherlands who has presented the image for the benefit of family members of the men of B/23. I realized that it is the same as the multi-page B/23 roster that a B/23 veteran gave me at one of the 7th Armored Division Association Reunions. He told me the list was prepared when they left Fort Benning, Georgia, to head for New York to board the ship for Europe.

This is extremely significant because it gives the platoons and squads of the men. This makes it possible to better understand combat situations. Toward that purpose, I have (on the next page) transcribed the entire list and color coded those men who died in the first two actions in which B/23 had men killed: Marboué on 15 August 1944 and Dornot on 7-11 September 1944. For example, the color coding makes very clear that the machine gun squad of 1st platoon suffered the most deaths at Dornot.

Four men who joined as replacements and thus are not on the list were killed at Dornot. Three of those joined B/23 on 25 August and one on 3 September. They were most likely replacements for the men killed at Marboué and thus either in 3rd platoon or in Headquarters platoon, but I do not know their platoons. Here are specifics on those four men. All four were recovered and identified.

Joined B/23 on 25 August 1944 and KIA at Dornot

- Pvt. Harold Leroy Firestone (KIA 8 Sep 1944)
- Pvt. Francis B. Collins (KIA 10 Sep 1944)
- Pvt. George W. Driver, Jr. (KIA 10 Sep 1944)

Joined B/23 on 3 September 1944 and KIA at Dornot

- Pvt. Howard B. High (KIA 10 Sep 1944)
