

Christmas 1942 Roster of Company "A" 33rd Armored Engineer Battalion (7th Armored Division)

This file is freely available for download from the 7th Armored Division Document Repository at www.7tharmdiv.org/docrep/X-33A-1942-12.pdf

Transcribed from a copy supplied by A/33 veteran Edward Charles Empey's daughter Janet Empey-Juba. Transcribed by Wesley Johnston.

The original is a pamphlet, with a color front and back cover. The interior is also in color, in green ink. The formatting of the internal pages has been retained in this transcription, although it is not certain that the page order in the transcription matches the original. The fonts used are similar to those in the original but are not the same.

If there is any question of accuracy, see the image of the original in the 7th Armored Division Document Repository at
