Mr. John Haney

Dear Mr. Haney:

This is to inform you that the remains of your loved one have been permanently interred, as recorded above, side by side with comrades who also gave their lives for their country. Customary military funeral services were conducted over the grave at the time of burial.

After the Department of the Army has completed all final interments, the cemetery will be transferred, as authorized by the Congress, to the care and supervision of the American Battle Monuments Commission. The Commission also will have the responsibility for permanent construction and beautification of the cemetery, including erection of the permanent headstone. The headstone will be inscribed with the name exactly as recorded above, the rank or rating where appropriate, organization, State, and date of death. Any inquiries relative to the type of headstone or the spelling of the name to be inscribed thereon, should be addressed to the American Battle Monuments Commission, Washington 25, D. C. Your letter should include the full name, rank, serial number, grave location, and name of the cemetery.

While interments are in progress, the cemetery will not be open to visitors. You may rest assured that this final interment was conducted with fitting dignity and solemnity and that the grave-site will be carefully and conscientiously maintained in perpetuity by the United States Government.

Sincerely yours,

W. H. MIDDLESWART

Dear Mrs. Haney:

The people of the United States, through the Congress have authorized the disinterment and final burial of the heroic dead of World War II. The Quartermaster General of the Army has been entrusted with this sacred responsibility to the honored dead. The records of the War Department indicate that you may be the nearest relative of the above-named deceased, who gave his life in the service of his country.

The enclosed pamphlets, "Disposition of World War II Armed Forces Dead," and "American Cemeteries," explain the disposition, options and services made available to you by your Government. If you are the next of kin according to the line of kinship as set forth in the enclosed pamphlet, "Disposition of World War II Armed Forces Dead," you are invited to express your wishes as to the disposition of the remains of the deceased by completing Part I of the enclosed form "Request for Disposition of Remains." Should you desire to relinquish your rights to the next in line of kinship, please complete Part II of the enclosed form. If you are not the next of kin, please complete Part III of the enclosed form.

If you should elect Option 2, it is advised that no funeral arrangements or other personal arrangements be made until you are further notified by this office.

Will you please complete the enclosed form, "Request for Disposition of Remains" and mail in the enclosed self-addressed envelope, which requires no postage, within 30 days after its receipt by you? Its prompt return will avoid unnecessary delays.

Sincerely,

THOMAS B. LARKIN
Major General

Mrs. Fanney Haney
Route #1
Philadelphia, Mississippi

Dear Mrs. Haney:

We are desirous that you be furnished information regarding the burial location of your son, the late Technical Sergeant Henry M. Haney.

The official report of burial discloses that his remains were originally buried in an isolated location at Castle Hattert, Vierlingsbeck, Holland, but were later disinterred and properly identified. I am therefore gratified to inform you that the remains of your son are now resting in Plot Y, Row 4, Grave 99, in the United States Military Cemetery, Neuville-en-Condroz, Belgium.

This cemetery is located nine miles southwest of Liege, Belgium, and is under the constant care and supervision of our government, and you may be interested to know, has been designated as a permanent American Military Cemetery, dedicated in grateful remembrance of World War II Dead.

I wish to assure you that the identification of your son's remains was established by finding the Laundry Mark "H-846" in several places on the clothing on the deceased at the time of the disinterment. This marking, you will notice, corresponds with the first initial of your son's last name and with the last four digits of his Army Serial Number. A civilian driver's license, and an Army operator's license, were also found with the remains, and these papers bore your son's name and Serial Number.

His identification is further substantiated by the fact that the date and place of death, as given on the report of burial, are in agreement with the records of the Adjutant General's Office for Technical Sergeant Haney.

The Department of the Army has been authorized to comply, at government expense, with the feasible wishes of the next of kin regarding final interment, here or abroad, of the remains of your loved one. At a later date, our office will provide you with full information and solicit your detailed desires.

I trust this message will be a source of consolation, and will, in some way, be a measure of relief from the distress you have suffered.

May I extend my sincere sympathy in your great loss.

This dental chart is very important and should be filled in with great care. There are 32 teeth to be accounted for, as shown by the numbers on the chart. Beginning at the middle line in both upper and lower jaws, the teeth are arranged symmetrically on either side and classed as incisors (cutting teeth), cuspids or canines (tearing teeth), bicuspids (chewing teeth), and molars (principal chewing teeth). An examination should be made and findings charted to cover the following basic conditions: Lost teeth, crowned teeth, bridge work, fillings, cavities (cavities of decay), dentures (plates), and any deformity of jaws found.
