- 1. When the remains are delivered for interment in a civilian or private cemetery, you are responsible for paying all interment expenses. In this connection, you are entitled to the allowance mentioned in paragraph 2 below.
- 2. An amount not to exceed \$75 is allowed by the Government toward actual interment expenses when final interment of the remains is in a private or civilian cemetery. No allowance is authorized toward interment expenses when interment is in a national or post cemetery.
- 3. The \$75 maximum allowance by the Government toward interment expenses includes but is not limited to the payment of one or more of the following items: Hearse hire from the railroad station to your home, the funeral home, church, cemetery, or any other place designated by you; vault; church services; newspaper notices; transportation for friends and relatives to and from cemetery; and the services of a funeral director.
- 4. Reimbursement by the Government is made only to the person who paid from his personal funds the expenses of or incident to interment in a private or civilian cemetery. Receipted bills are not required to accompany this form. Any expenses over and above the \$75 maximum must be borne by the person who incurred or paid the additional expenses.

#### EXPLANATION OF BOX "B'

- 1. When the remains are delivered to you at Government expense prior to burial in a national or post cemetery, you are responsible for all additional expenses necessary to deliver the remains from that point to the national or post cemetery grave site. However, you may be entitled to an allowance for the cost of transporting the remains from your home to the national or post cemetery grave site subject to the conditions outlined in paragraph 2 below.
- 2. Reimbursement of transportation expenses is allowed only when the cost to the Government to deliver the remains to you is LESS than what it would have cost the Government to deliver the remains direct to the national or post cemetery of final interment. However, the amount which you may be allowed (the difference between cost of delivery to you and cost of delivery by the Government direct to the national or post cemetery) may not exceed the amount actually expended by you to deliver the remains to the cemetery grave site. WHETHER OR NOT YOU WILL BE GRANTED AN ALLOWANCE IS DEPENDENT UPON AN AUDIT OF THIS REQUEST. IN ANY EVENT YOU WILL BE NOTIFIED OF ANY ALLOWANCE DUE YOU BY THE OFFICE TO WHICH THIS FORM IS SENT.

3. Reimbursement by the Government will be made only to the person who paid from his personal funds for transporting the remains to the national or post cemetery grave site.

4. No interment expense allowance is authorized since interment is made ultimately in a national or post cemetery.

Casualty reports for T/4 Darrell E. Frye of the 40th Tk. Bn. reveal that he was KIA on 2 Oct. 1944 when the tank which he was driving was hit by enemy fire near Overloon, Holland. All other crew members of tank #3010365 escaped, leaving FRYE as the only casualty.

The remains of X-5855 Neuville, consisting of a few charred bones, were recovered from inside of tank USA 3010365 in the vicinity of Overloon, Holland. One ID tag for T/4 FRYE was found in the tank.

According to case papers, remains were recovered from two other tanks located in the immediate vicinity: X-5785 Neuville, identified as Allan J. Persons, 37300978 and X-5577 Neuville, remains of which consist of only a very minute quantity of burned bone fragments. The area around each tank was searched but no additional remains were discovered.

An attack begun by this force on 30 September 44 in vicinity of OPLOO, HOLLAND, with a mission of taking OVERLOON, HOLLAND, was resumed at 06301 October 44. Operating in conjunction with another task force on its right, this force moved south-east on the north side of the OPLOO-OVERLOON read to approximately one mile northwest of OVERLOON, where it held without material change of position from the night of 1 October 44 through the night of 5 October 44. During that period. to reach and maintain its position, this force made attacks against strong opposition on the mornings of 1-2 and 3 October 44, co-ordinated with the Task Forge on the right and on the first two mornings, following artillery serenades on OVERLOON. Opposition included heavy anti-tank, artillery, small arms, tanks, mortar and sebelwerfer fire. Enemy occupied dug-in positions in woods. Our tanks operated in close co-ordination with infantry. At night, tanks were outposted by infantry and Company "A", 814th Combat Engineers (in support of "CCA"). Mortar plateon was in close support. Assault guns were attached to C/40th Tank Battalien. Extensive artillery support was received. Tank Destroyers were employed to protect rear and flanks of force. For first time in history of battalion an air force pilot riding in tank, directed fighter planes on at least six tactical missions. Force was relieved in early morning hours on 6 October 44. The Tank Force, which began the operation with a total of 25 medium tanks and 4 assault guns lost three medium tanks and one assault gun. Losses were attributed to anti-tank guns and tanks.

- 1. In reply to basic communication, the following information is submitted:
- a. Investigation of records in this headquarters reveals that in the area concerned three American remains were removed from 3 separate tanks, as shown below, and that notation on Report of Burial, dated 23 July 1947 for Unknown X-5855 is a misstatement:

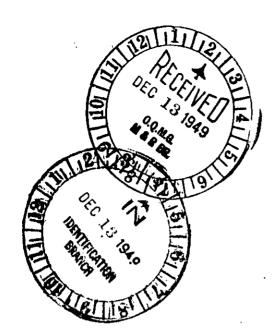

Evacuation No.	Unknown No.
IZ-1406	Neuville - X-5785
IZ-1407	Neuville - $X-5855$ ( $T/4$ FRYE)
IZ-1408	Neuville - X-5577

- b. Whereas Investigation Area Search Report lists tank number as 30103651 the A. G. 201 file for T/4 Darrell E. FRYE, 36234339, contains a communication from the 40th Tank Bn. listing subject tank as number 3010365.
- c. At the time of recovery of the remains referred to in sub-paragraph (a) above, a further search of the area was made, on the basis of Mr Gerrits' statement, but no additional remains were recovered.
- d. It is assumed that the tank called "Carouse" and tank #3010365 are the same since the field investigator listed "Carouse" in one report and #30103651 in his Investigation Area Search Report. It appears that only one tank was found on Mr Gerrits' property.
- 2. In view of above, it is requested that this head-quarters be informed if it is still desired that a field search be made in an effort to recover additional remains. The remains of T/4 FRYE will continue to be held in suspense status, pending further instructions from your office.

- 1. Reference is made to Corrected Report of Burial for Unknown X-5855, USMC Neuville-en-Condroz, Belgium, identified as T/4 Darrell E. Frye, 36 234 339.
- 2. Original Report of Burial dated 23 July 1947, indicates the remains were removed from three tanks.
- 3. Corrected Report of Burial indicates the remains were removed from tank "USA 3010365" however, sketch included in Report of Investigation Area Search (copy of which is inclosed) indicates a tank was numbered 30103651.
- 4. The statement by Lir. Gerrits dated 14 March 1947, near whose house the above numbered tank was located, indicates that additional remains from this tank were buried near the tank in an unmarked grave. A copy of this statement is also inclosed.
- 5. It has also been noticed that in a related case a statement pertaining to the tank on the property of Mr. Gerrits was made. An excerpt of this statement is inclosed.
- 6. It is requested that the above mentioned discrepancies be clarified and an effort be made to ascertain which is the correct tank number and whether or not the subject tank and the tank called "Carouse" mentioned in statement cited in paragraph 5 are one and the same. NARRATIVE REPORT

20 May 1947.

Upon disinterment and searching of the tanks in the area of Overloon, Holland, I found charred remains in three tanks. In all the tanks which were searched by me only these three tanks I could find remains. In all the remains that were found, no identification was found by me. The remains that were found were very badly charred and only a few bones were found and whatever else was found was just the dust which remained.

A search of the area around each tank proved that no remains were buried in the immediate area. The only remains to be buried near any tank are five (5) Germans and two (2) English (Statement of E. v.d. Oever).

I did not disinter these graves.

## STATEMENT

OVERLOON, 14 March 1947

I the undersigned declare that there is an american tank on my grounds, at approximately 50 meters from my house. This tank was destroyed during fights in the first days of October 1944.

The tank was hit by enemy weapons, and I saw that about half an hour later the tank which was burning exploded, probably in consequence of it's own ammunition.

About h days later I visited the wreckage, and saw parts of a human body scattered over the field. Approximately 1h days later these remains were gathered and buried by English soldiers in the field near the tank. These soldiers gave me the idea that there were survivers of this accident. I cannot say that for sure because I do not understand the English language.

The spot where the remains are buried is not marked. Therefore the correct location is not known. However, I can point out the place within 20 meters.

Considering the nature of the explosion I can declare with certainty that there still are remains in the tank. This case has never been investigated before, and to my knowledge the remains are still in the field.
