SUBJECT: Non-Recoverable

TO: Non-Recoverable Board, AGRC

1. It is recommended that the Board take action on the following cases:

NAMES: See attached roster

ORGANIZATION: See OQMG Forms 371

DATE OF DEATH: See attached roster

PLACE OF DEATH: See OQMG Forms 371

SYNOPSIS: The casualties listed on attached roster are reported by official records as Missing in Action or Killed in Action during ground operations in the department of Meurthe-et-Moselle, France, from the period 7 September through 3 December 1944. Extensive area searches as well as individual investigations have to date failed to furnish information as to the ultimate disposition of their remains. Efforts to effect association with unidentified recoveries from the area, now interred in U.S. Military Cemeteries, have also proven negative. The lack of specific information regarding the death or burial, limited search in most instances to general localities, however, documents on file in this Office and Office of The Quartermaster General substantiate the fact that numerous investigations covering the entire department of Meurthe-et-Moselle, have been conducted in the course of search operations for all losses, both recovered and unrecovered. The terrain of the Meurthe-et-Moselle department, consists of farm, pasture and forest land which has been under constant use since the cessation of hostilities, thus the possibility of undiscovered graves is remote. It can therefore only be concluded that the remains of the deceased in question were reduced by battle action to a state which precludes recovery or identification, with the exception of two men listed on attached roster who were known to have drowned and their remains never recovered. The

GROP 293.9  
 SUBJECT: Non-Recoverable

absence of specific information concerning their deaths, the failure of Field Investigations to provide evidence, and the lack of association with recovered unknowns would tend to substantiate these conclusions. It is recommended that the remains of the individuals listed on these Board Proceedings be considered Non-Recoverable under the provisions of paragraph 3b, Letter, Office of The Quartermaster General, file QMGMP 293, Subject: Processing Board Findings of Non-Recoverability Return of World War II Dead Program, dated 25 March 1949.

Reference is made to: OQMG Forms 371; After Action Reports, and Casualty Clearance Plan concerning each decedent; Reports of Field Investigations previously forwarded to the Office of The Quartermaster General, pertaining to resolved casualties who were killed in action in the department of Meurthe-et-Mosell, France: On file in The Office of The Quartermaster General, Washington, D. C.

2. It is recommended that the remains, based upon the above information and research, be declared non-recoverable.

Dear Mrs. O'Connor  
511 West

It is with regret that I am writing to confirm the recent telegram informing you of the death of your son, Private Edward J. O'Connor, 12,057,133, Infantry, who was killed in action on 7 September 1944 in France.

I fully understand your desire to learn as much as possible regarding the circumstances leading to his death and I wish that there were more information available to give you. Unfortunately, reports of this nature contain only the briefest details as they are prepared under battle conditions and the means of transmission are limited.

I know the sorrow this message has brought you and it is my hope that in time the knowledge of his heroic service to his country, even unto death, may be of sustaining comfort to you.

I extend to you my deepest sympathy.

Sincerely yours,

J. A. ULIO
