Pfc Malnati of this organization was sent to Provedroux to determine if any additional markings could be found on the wreckage of the self propelled 105mm gun. The only marking found was the 7th Armd Div 440 F as originally reported by Sgt Backstrom of the 3042 QMGR CO, plus a shipment number "Glue J-ORD II-ADV SE333 C1" found on right rear of vehicle.

M. Albert Counson and Paul Rahier, both residents of Provedroux Belgium, stated that an intact American body found approximately 35 yards to the rear of the wreck had been removed by an unknown American unit prior to the evacuation by Sgt Backstrom of Unknowns 67 & 68.

The remains of Unknown X 67 were removed from the burned vehicle but the exact location within the vehicle is unknown since the mine blew up the entire right center structure.

The only additional remains found were a femur bone on the ground directly under the hole made by the explosion and undoubtedly belongs with remains of Unknown 67 who was removed from wreck and whose remains had only one femur bone.

A helmet liner, a christmas card, and a letter and envelope were found in immediate vicinity of the wreck. The helmet liner was marked "S-6786", the christmas card was addressed "Dear Ben" and the letter began "Hello Darling" and was signed "Esther". The envelope was post-marked Brenton, Ala, and has pencilled APO marking "440"

Mr. Frank Amrhine

Dear Mr. Amrhine:

This is to inform you that the remains of your loved one have been permanently interred, as recorded above, side by side with comrades who also gave their lives for their country. Customary military funeral services were conducted over the grave at the time of burial.

After the Department of the Army has completed all final interments, the cemetery will be transferred, as authorized by the Congress, to the care and supervision of the American Battle Monuments Commission. The Commission also will have the responsibility for permanent construction and beautification of the cemetery, including erection of the permanent headstone. The headstone will be inscribed with the name exactly as recorded above, the rank or rating where appropriate, organization, State, and date of death. Any inquiries relative to the type of headstone or the spelling of the name to be inscribed thereon, should be addressed to the American Battle Monuments Commission, the central address of which is Room 713, 1712 "G" Street, N. W., Washington 25, D. C. Your letter should include the full name, rank, serial number, grave location, and name of the cemetery.

While interment activities are in progress, the cemetery will not be open to visitors. However, upon completion thereof, due notice will be carried by the press.

You may rest assured that this final interment was conducted with fitting dignity and solemnity and that the grave-site will be carefully and conscientiously maintained in perpetuity by the United States Government.

Sincerely yours,

1. Attention is invited to the preceding correspondence and in-  
closures. A letter from headquarters, 7th Armd Div, dtd 23 May 1945,  
SUBJ: "Request for Repprts of Burial", (Incl No 13) indicates that the  
status of Pvt. Amrhine and Pvt. Guadagno has been changed to KIA 23  
December 1944. The descriptions of these two men in Incls No. 10 and

Personally appeared before me, the undersigned authority to administer oaths in cases of this nature, one Master Sergeant Walter Rader, 36 313 558, 440th Armored FA Battalion, who, having been duly sworn, deposeth as follows:

"On the 23 of December 1944 I was in my tank recovery vehicle approximately fifty yards from the M-7 of which Pvt Joseph Guadagno, 32 696 139, Battery C, 440th Armored FA Battalion, was a crew member. Enemy small arms and mortar fire was falling in our immediate vicinity. Due to increasing pressure by the enemy "C" Battery displaced and as Pvt Guadagno's tank moved out it was hit by what appeared to me to be a mortar shell. The shell fell directly into the tank. As the shell hit I saw one of the crew members jump from the tank while one of the two who were on the rear of the trailer made off later to be picked up by a passing vehicle. When I left the area flames were shooting from the vehicle."
