Headstone: Cross
Henri-Chapelle U.S. Military Cemetery

Dear Mrs. Caputo:

This is to inform you that the remains of your loved one have been permanently interred, as recorded above, side by side with comrades who also gave their lives for their country. Customary military funeral services were conducted over the grave at the time of burial.

After the Department of the Army has completed all final interments, the cemetery will be transferred, as authorized by the Congress, to the care and supervision of the American Battle Monuments Commission. The Commission also will have the responsibility for permanent construction and beautification of the cemetery, including erection of the permanent headstone. The headstone will be inscribed with the name exactly as recorded above, the rank or rating where appropriate, organization, State, and date of death. Any inquiries relative to the type of headstone or the spelling of the name to be inscribed thereon, should be addressed to the American Battle Monuments Commission, the central address of which is Room 713, 1712 "G" Street, N. W., Washington 25, D. C. Your letter should include the full name, rank, serial number, grave location, and name of the cemetery.

While interment and beautification activities are in progress, the cemetery will not be open to visitors. However, upon completion thereof, due notice will be carried by the press.

You may rest assured that this final interment was conducted with fitting dignity and solemnity and that the grave-site will be carefully and conscientiously maintained in perpetuity by the United States Government.

Sincerely yours,

THOMAS B. LARKIN
Major General
The Quartermaster General

INSTRUCTIONS

(1) Write with unfading black or blue-black ink. No other inks are acceptable. Certificates may be clearly typewritten. Every item of information should be carefully supplied.

(2) Age should be stated exactly. If definite date of birth is not known, the age should be stated as nearly as possible.

(3) This certificate must bear the actual signatures of the physician or coroner, the person filing the certificate for the funeral home, and the local registrar.

(4) Occupation.—Precise statement of occupation is very important, so that the relative healthfulness of various pursuits may be known. An entry should be made in this section for every person aged 10 years or over. If the deceased has retired from business, the occupation prior to retirement should be reported. Children not gainfully employed may be returned as at school or at home. For a woman whose only occupation was that of home housework, the entry should be **housewife**. For a person engaged in domestic service for wages, however, designate the occupation by the appropriate terms, as **servant—private family, cook—hotel, etc.** For a person who had no occupation the entry should be **none**.

In stating the occupation, avoid the use of such indefinite terms as "employee," "worker," "operative," etc. The particular kind of work done should be stated clearly as **spinner, weaver, etc.**

In stating the industry or business the use of such general terms as "store," "factory," "mill," etc., should be avoided. The particular kind of store, factory, mill, etc., should be stated as **grocery store, soap factory, cotton mill, etc.**

The different kinds of engineers should be carefully distinguished by giving the full descriptive titles, as **civil engineer, mechanical engineer, mining engineer, stationary engineer, etc.** The term "laborer" should be avoided when a more precise statement of the occupation can be secured. The word "mechanic" should not be used but the exact occupation, as **carpenter, painter, machinist, etc.** A careful distinction should be made between **retail merchants** and **wholesale merchants**. The term "clerk" without qualification, should always be avoided. A person who sells goods should be called a **salesman**. A stenographer, typist, accountant, book-keeper, cashier, etc., should be reported as such, never as a "clerk."

(5) Physician's Statement of Cause of Death.—The morbid conditions relating to death are divided on the certificate into two groups. In Group I are those related to the "Immediate Cause" of death, and in Group II, those not causally related thereto. In most cases a statement of cause under Group I will suffice. Detailed certification is not desired, the entry of a single cause being preferable in all cases where this can be regarded as adequate (see Example 1), but where the physician finds it necessary to record more than one cause it is important that these be stated in the position provided on the form as indicative of their mutual relationship. This information is sought so that the selection of the cause for tabulation may be made in the light of the certifier's viewpoint:—

- (a) Name first the "Immediate Cause" of death, *i.e.*, the disease, injury or complication which caused death (not mode of dying or terminal condition).
 - (b) Then give other morbid conditions (if any) of which it was the consequence, in order of causal relationship (due to) stating the most recent one first and then others in order.
 - (c) Entries under Group II should be reserved for "other important contributory morbid conditions" in those instances particularly in which death was due to a combination of maladies, none of which would have been fatal alone. In such cases the physician's judgment alone can afford guidance to the tabulator.
 - (d) Use always accepted terms for morbid conditions and never record mere symptoms.
 - (e) Maternal Deaths.—Qualify all diseases resulting from childbirth, miscarriage or abortion by the word "Puerperal," *e.g.*, puerperal septicæmia. Distinguish between septicæmia originating in abortion and in childbirth.
 - (f) Cancer.—In all cases the organ or part first affected should be specified.
 - (g) Violent Deaths.—Coroners, medical examiners and physicians who certify to deaths from violent causes should always clearly indicate the fundamental distinction of whether the death was due to accident, suicide or homicide, and then state the manner and nature of injury. The circumstances of each accident should be stated as fully as possible, *e.g.*, an automobile accident should always be designated as such.
- The following examples illustrate the essential principles in the use of the form.

	I	II	I	II	I	II
Immediate Cause Morbid Conditions, if any, giving rise to immediate cause (stated in order preceding backwards from immediate cause).	Example 1	Example 2	Example 3	Example 4	Example 5

Dear Mr. Caputo:

Reference is made to the "Letter of Inquiry - Disposition of Remains" sent to you about 45 days ago, requesting you to complete and mail the "Request for Disposition of Remains" form.

Since no reply has been received, you are again respectfully urged to return this completed form at the earliest possible date in order to avoid any unnecessary delay in the final disposition of the remains of your loved one.

Due to the tremendous amount of work involved in carrying out final burial arrangements for all of the deceased Americans of World War II, this program must proceed cemetery by cemetery in each area of the world.

The cemetery in which the remains of your loved one are buried is expected to be evacuated in the near future. In the absence of any reply from you by that time, the Government will assume that you have no objection to the final burial of the deceased in a permanent American Military Cemetery Overseas.

Sincerely,

Dear Mr. Caputo:

The people of the United States, through the Congress have authorized the disinterment and final burial of the heroic dead of World War II. The Quartermaster General of the Army has been entrusted with this sacred responsibility to the honored dead. The records of the War Department indicate that you may be the nearest relative of the above-named deceased, who gave his life in the service of his country.

The enclosed pamphlets, "Disposition of World War II Armed Forces Dead," and "American Cemeteries," explain the disposition, options and services made available to you by your Government. If you are the next of kin according to the line of kinship as set forth in the enclosed pamphlet, "Disposition of World War II Armed Forces Dead," you are invited to express your wishes as to the disposition of the remains of the deceased by completing Part I of the enclosed form "Request for Disposition of Remains." The attached letter in the enclose envelope has been received in this office.

The communication is self-explanatory. Nothing is known by this office as to the writer and, accordingly, it is not felt that your name and address as the father of the late Private Pasky F. Caputo should be given unless you desire it.

While it is possible that the letter has been written in perfectly good faith, there have been some cases in other localities where similar persons have imposed upon or become a nuisance to the next of kin.
