Maj Lohse, 31st Tank Bn, returned to duty from hospital. The CG called a meeting of the Division Chaplains and discussed their work with them. He announced his decision to have one Catholic and 2 Protestant Chaplains performing duty in CC A, CC B and CC R, respectively. One Protestant Chaplain will work in Div Trains and Rear areas, assisted by a Catholic Chaplain from the 203rd AAA AW Bn. The CG also announced that Chaplains can write letters of sympathy or condolence in reply to any questions received from relatives of dead or missing men, so long as they are prepared in triplicate and sent through the Div AG. Corps G-1 called and advised that he had received a warning from higher Hq that we would shortly receive a list of field grade officers who had been on duty with the OPD in Washington; that we would be told to place these officers on troop duty and replace them with field grade officers of this command. He had no knowledge as to what qualifications would be required for the replacements or when or in what numbers the exchange would be made.

Major Peshek, Cavalry, attached unassigned, joined and was attached to 38th Armored Infantry Battalion. Adjutant General reported and a conference was held with Chief of Staff and G-1 in regard to the situation in the 38th Armored Infantry Battalion casualty reporting. It was established that CWO Watson, personnel officer, 38th Armored Infantry Battalion, was responsible in part for the delinquencies. However, there still remained 54 enlisted men not present and unaccounted for. Adjutant General was ordered to prepare a letter giving the facts for a report to higher headquarters. IG was ordered to conduct a full investigation for the CG. British 8th Corps announced beginning of 48 hour leaves to Brussels, Belgium, quota for the 7th Armored Division to be 3 officers and 25 enlisted men every two days. This quota was suballotted to divisional units as follows: Infantry Battalions, 1 officer and 3 enlisted men each; Tank Battalions, 2 enlisted men each; Field Artillery Battalions, 1 enlisted man each; Engineer Companies with Combat Commands, 1 enlisted man each; Recon Troop with Combat Commands, 1 enlisted man from each Combat Command; Recon Squadron, 1 enlisted man. Combat Command S-1's were notified of the allotment and given detailed instructions for first group leaving 18 Oct 44. The Chief of Staff notified G-1 that after departure of the first group the entire matter would be administered by Div Trains Commander.

A memorandum on billeting was drafted and approved by the Chief of Staff. Division Grave Registration Officer informed G-1 that the 48th Armd Inf Bn had reported burial of six of their enlisted men in the vicinity of Overloon. The 48th Armd Inf Bn was instructed to furnish Grave Registration Officer a guide who could locate graves in order that the graves registration could exhume bodies and remove to cemetery. G-1 continued survey of towns for billets. Capt Van Winkle of Division Special Service Section continued servicing of combat commands in reserve with motion pictures and PX facilities and entertainment. He reported that his accounts were set up for marks and he could not convert to Dutch currency without inventory, audit and closing of accounts. Since many of the men had converted currency to guilders the Finance Officer was instructed to help out by sending a representative who could change guilders for marks in order that they might purchase at the PX. Capt VanWinkle was instructed that since he would soon be finished with the Combat Command now in reserve, he would convert his accounts for Dutch currency.

Commanding General announced at a unit commanders meeting that the ration figures hereafter would be taken from G-1 strength figures. Arrangement made with G-4 and Division Quartermaster Officer for G-1 to notify Div Quartermaster daily before 0800, the total number of rations consumed, for the 24 hour period, as a basis for Div Quartermaster to order rations. This will be followed by a troop list showing effective strength of units as they are tactically organized. Lt. Col. Maxwell visited G-1, Ninth U S Army. Chief of Staff announced that all officers in the Division Command Post would attend the briefing in the war room every morning at 0800. No one to be excused except by the Chief of Staff personally. A letter was received from Hq ETOUSA directing this Division to submit a G-1 report daily to ETOUSA, through Hq Ground Force Replacement System, beginning the day the Division is attached to 21 Army Group.

Changes were made in the personnel of the Division General and Special Court Martial Boards in order that they might be surer of necessary number of members being present. Conference was held with G-1 Ninth U S Army in regard to the method Division uses in computing cumulative casualty figures for the daily report. It was explained that we receive from the Division Adjutant General, daily, a report of cumulative casualty figures from battle casualty reports showing the date of the compilation. To this is added the casualty figures from S-1 reports for those days not covered by the battle casualty reports. Army G-1 thought this was a satisfactory method and probably more accurate than that used by other Divisions and instructed us to continue this system. Division Finance Officer telephoned to ask the date set for Division payday and the currency in which payment would be made. He stated that he would not be ready until 5-10 November, since all units payrolls had not been turned in and a great deal of work remained to be done in converting amounts. No action was taken. Col. Evans, Division Trains Commander, requested that G-1 arrange to have a store pile of non-perishable "B" rations issued to CO Rr Ech Augmented to supplement his rations when necessary to feed replacements being held by Classification Officer for processing and assignment. G-4 stated that a store pile would not be practicable and stated he would instruct Div Quartermaster Officer to hold a reserve of "C" "k" and "10 in 1" rations for Maj Berkenfield's use, as needed. Col Evans was advised of this decision.

Captain Cooley, acting as G-1 in Lt. Col. Maxwell's absence, traveled to Geldrop with Brig Sewell, Corps "Q" Officer and Major O'Bryant, Division Trains. After making a survey of the large buildings in Geldrop available for accommodations, a satisfactory agreement was reached for the accommodation of the 129th Ord Mnt Bn in Geldrop. Captain Rose, of VIII Corps Hq, called to ask if the Division intended to use allotments in the rest camp in Helmond. He was advised that the Division would not use any of these facilities. Lt. Col. Maxwell returned from Paris.
