SUBJECT : Unidentifiable Remains

TO:           The Quartermaster General  
              Memorial Division  
              Washington 25, D.C.

1.   The records pertaining to Unknown 560 Plot MMMM  
Row 3, Grave 44, USMC Henri Chapelle have been  
reviewed and it is the opinion of this office that insufficient  
evidence is available to establish the identity of this deceased,  
and that these remains should be classified as unidentifiable.
2.   Report of Reprocessing was forwarded to your office  
by letter of transmittal No. 2858, dated 10 June 1948. No  
further information is available.

FOR THE COMMANDING GENERAL :

This dental chart is very important and should be filled in with great care. There are 32 teeth to be accounted for, as shown by the numbers on the chart. Beginning at the middle line in both upper and lower jaws, the teeth are arranged symmetrically on either side and classed as incisors (cutting teeth), cuspids or canines (tearing teeth), bicuspid (chewing teeth), and molars (principal chewing teeth). An examination should be made and findings charted to cover the following basic conditions: Lost teeth, crowned teeth, bridge work, fillings, caries (cavities of decay), dentures (plates), and any deformity of jaws found. See reverse side for illustrations.
