Unknown Passenger not manifested		

2. The identifying data for Unknown X-5 (Height, age, color of hair and shoe size) identifying this Unknown as 2/Lt Raymond Kahn, is considered inadequate in view of the Unknown Passenger not manifested. After a thorough investigation of subject case in this office, it has been determined that individual identifications are possible for the following Unknowns:

*X-2 thru X-10
Checked
X-2
[Signature]*

CGMNT 293
Unks. X-2 thru X-10
(Formerly) Hungjao Road

SUBJECT: Identification of Deceased

TO : Commanding Officer
American Graves Registration Service
Pacific Zone APO 956, c/o Postmaster
San Francisco, California

1. Reference is made to letter this office, File QUART 293, Simpson, Paul W. O-746623, dated 10 March 1948, subject as above, first interment dated 14 May 1948, your office, and inclosures.

2. It has been determined by the Identification Board of Review, this office, that there is not sufficient evidence to justify individual identification of the remains of Unknowns X-7 or X-8, Mukden, Manchuria. It is believed, however, that there is sufficient circumstantial evidence to justify retaining the decision originally made by this office that the two men be identified as a group. Records of this office reflect this information. It is requested that records of your office reflect same.

SUBJECT: Identification of Unknown World War II Deceased

TO: Commanding Officer
American Graves Registration Service
Pacific Zone
APO 958, c/o Postmaster
San Francisco, California

1. Reference is made to Board Proceedings #1703 relative to the identification of Unknowns X-29A, X-29B, X-30, X-31 and X-32, formerly interred USMC Shanghai, China.

2. Individual identification of unknown X-31 as Lt. Hug as recommended by your headquarters is acceptable.

3. Information available in this Office indicates that 2nd Lt. Reed V. Larson, O-822746, S/Sgt. Alfred C. Knudtson, 16079636 and Sgt. Kasimer A. Kleinot, 33 835 215, were identified by the China Theatre Search Detachment by means of clothing found with the remains. The identification of Lt. Larson and Sgt. Kleinot was accepted by this Office. The dental chart accomplished for the remains identified by the China Theatre Search Detachment as Sgt. Knudtson does not compare with the Army dental records for the subject deceased. It is recommended that the remains identified as S/Sgt. Knudtson be assigned an Unknown number and included in the group identification.

4. It is further recommended that your Board of Review be convened to determine the status of S/Sgt. Knudtson. This Office has noted a very favorable association of S/Sgt. Knudtson with Unk. X-32. It is suggested that your office reprocess the remains for possible association with the deceased. (Revised Form 371 inclosed).

5. It is suggested that the remains of Unk. X-29A and the name of Sgt. Carson be incorporated in the group identification, inasmuch as identifying data presented in the case history is insufficient to establish conclusive identification. It will be noted that the absence of teeth precludes dental comparison and the physical characteristics are not conclusive for positive identification.

6. It is suggested that the remains of X-29A, X-29B, X-30 and the remains now designated as S/Sgt. Knudtson be identified as a Group Burial, the only recoverable remains of the remaining deceased associated with this case.

QMCBT 293 - Unk. China (Misc) (Kunming) (X-42, 43, 44)
GRS Pacific

16 May 1949

SUBJECT: Burial Information

TO : Commanding Officer
American Graves Registration Service
Pacific Zone
APO 958, c/o Postmaster
San Francisco, California

1. Reference is made to China Zone Casualty Clearance and Case Review (Case #245), dated 16 October 1947, copy inclosed, concerning the recovery and identification of remains of crew members of B-24 #42-40786. Further reference is made to Unknown X-44, formerly interred in USMC, Kunming, China, recommended as unidentifiable by your headquarters.

2. Of the ten crew members of subject aircraft, five were taken as Japanese Prisoners of War and subsequently returned to the United States; four, T/Sgt. Hershel R. Nelson, S/Sgt. Frank D. Robbins, 2/Lt. Earl B. Johnson and S/Sgt. William L. Lambert, were identified by names inscribed on caskets before burial in Kunming; findings of non-recoverability have been received for one, S/Sgt. Paul Cybowski, 32554616.

3. Unknowns X-42, X-43 and X-44, formerly interred in Plot 1, Row 8, Graves 744, 745 and 746, Kunming, were recovered from the same place (Bai Duong, French Indo-China) as the remains of the identified members of the crew of B-24 #42-40786. A study of dental data accomplished for the Unknowns and Army dental records for all deceased resulted in the very favorable comparison of Unknown X-44 and T/Sgt. Hershel L. Nelson, 32380670. The remains presently identified as Nelson, which were exhumed from Plot 1, Row 8 Grave 738, Kunming, are now stored at AGRS, Honolulu, awaiting disposition instructions from his next of kin. These remains have not been processed.

4. In view of the fact that dental charts for Unknown X-44 and T/Sgt. Nelson compare very favorably, it is recommended that consideration be given to identifying the remains of Unknown X-44 as those of the deceased.

5. It is further recommended that the remains now stored as Nelson at Honolulu be processed through the Central Identification Laboratory and a QMC Form 1044 be forwarded this Office at the earliest practicable date.
