No extra parts.

Charles E. Snow

SIGNATURE OF MEDICAL OFFICER Anthropologist

21. REMARKS AND ADDITIONAL INFORMATION

Picture a low-average sized man in his middle or late twenties. The skull is small in size, elliptical in outline and has a backhead with little projection. Palpable external occipital protuberance. The most outstanding feature outside of a very upright face is the rather high prominent forehead, which also forms the highest part of the vault. The browridges are rather small and there is hardly any prominence at glabella. The face appears to have had a long narrow outline with flat sides and with a nose twisted towards the left. In profile the face appears to be bent under the vault.

Teeth charted. Fluoroscopic examination negative.

I CERTIFY THAT I HAVE PERSONALLY VIEWED THE REMAINS OF DECEASED AND THAT ALL RESULTING INFORMATION HAS BEEN RECORDED TO THE BEST OF MY KNOWLEDGE

TYPED NAME, GRADE, ARM OR SERVICE, AND ORGANIZATION
