The Postmaster  
Prague, Oklahoma

Dear Sir

A letter addressed to Mr. John Klondiedons, Rt. Box 193, Prague, Oklahoma, has been returned to this office, marked "Not known at this address".

The name and address as shown in the letter were listed in this manner in an address book. The notation was made prior to February 1945. The spelling of the name as well as the address may not be accurate.

In view of the fact that it is necessary to contact Mr. Klondiedons on a matter of great importance, it will be appreciated if you will make every effort to associate the name with a member of your community. It will also be appreciated if you will inform this office, at the earliest practicable date, if a mailing address can be obtained for such a person.

A franked self-addressed envelope is inclosed for your convenience.

Sincerely yours,

T. H. METZ

My dear Sir

We have made a thorough re-check and our records do not reveal that for years past no such name has appeared on our records. Further, I have checked with people who have been in this vicinity for forty years or more and they do not recall any name similar to the one given. I am sorry to state that we are unable to make any association with any other name which might fit.

Dear Mr. Klodiedons:

This office is conducting an investigation in an effort to identify the remains of World War II deceased who are believed to be

Private First Class Clifton Craighead, ASN 34 887 814 and Private First Class Anthony F. Schobitz, ASN 37 610 319.

The remains were recovered with those of Private First Class Joseph K. Duich whose identification has been established.

With these remains an American Red Cross address book was found in which your name and address appeared.

It will be of utmost value in this investigation, if you will inform this office if either of the above cited deceased were known to you and if either enlisted man had, to your knowledge, so listed your name and address.

A reply at your earliest convenience, in the inclosed self-addressed envelope, which requires no postage will be appreciated.

The epiphyseal markings of the long bones are unusually well defined, suggesting some metabolic irregularity, normal or abnormal, sometime prior to death.

Above statement does not mean that man was larger than normal. It's value is negative as a point of value in identification.

INSTRUCTIONS FOR BURIAL

1 PREPARATION OF BODY Have body examined by member of Medical Department whenever possible (to attach FM Form 52b) Remove all personal property remove one identification tag leave other on body in protected position (in case of enemy dead leave 1/2 of tag to be buried 1/2 with personal effects) If no tag present, make notation of identification tag form, protect in sealed bottle (canteen, spent shell, or better available container) with remains If undecomposed take fingerprints of both hands, if this is possible first tooth chart and note height, weight, color of eyes and hair, tattoo marks, birth marks, etc. and other data as separate, or weapon, laundry marks, when only found on body how it held hair, etc. or blanket when available

2 BURIAL Dig grave to depth of five feet (hasty but old burials, to sufficient depth to prevent movement of body) Place only one body in a grave Dig graves side by side, row by row

3 MARKING OF GRAVE Fasten identification tag to temporary name peg and place at head of grave For enemy dead write data on peg When pegs are not available copy data on piece of paper place in bottle spent shell or other receptacle, seal tightly and place at head of grave If identification tag cannot be fastened to peg or label cannot be placed at grave but forward with report of burial If only one tag is found it is to be buried with body The information thereon should be written on a key or placed in container at head of grave Do not use weapons or belts to mark graves

4 LOCATION OF GRAVE Report burials in established cemeteries by plot, row and grave number (or show on cemetery map) For all other burials prepare sketch of spot, showing location by means of map or sketch or by reference to prominent permanent landmarks Information must be specific, accurate, complete and include foot of the grave here to determine bodies buried to the left and right

5 PERSONAL EFFECTS Put only personal effects taken from body on the Burial Report form Place all other information as to identity of owner, organization, etc. on separate tag, or wrap in handkerchief, towel, or other available material and forward to Grave Registration Service Personnel with report of burial Go to next section to be included in personal effects but is to be turned in to Salvage Collection Point
