DEPARTMENT OF THE ARMY  
OFFICE OF THE QUARTERMASTER GENERAL  
MEMORIAL DIVISION  
WASHINGTON 25, D. C.

A Board of Officers appointed by paragraph 1, Division Order No. 22, dated 25 July 1956, convened at 1000 hours, 24 January 57, and after consideration of the following factors, approved the identification of Unknowns X-6348A, X-6349A, X-6349B and X-6351 as unidentifiable.

The remains of Unknowns X-6348, X-6348A, X-6348B, X-6349, X-6349A, X-6349B, X-6350, X-6351 and Evac. #12612 were recovered from hill 139, grid coordinates CT 079084, Map Sheet 6528-II, along with a few bone fragments designated CIU parts, during recovery operations extending over a period from 8 - 17 August 1956.

Identification data of all unresolved casualties lost in this area has been compared with that of these unknowns, resulting in Unknowns X-6348 being associated with Pvt Louie D. Walker, 1306413, USMC, X-6348B with Pvt Joe E. Whitten, 1053722, USMC, X-6349 with Cpl Daniel L. Welch, 1123600, USMC, and X-6350 with Pfc Omar E. Wooldridge, 1244946, USMC, based on a favorable comparison of dental and physical data. Board proceedings recommending the identification of these four casualties and unidentifiability of the other four unknowns are being submitted simultaneously. These four remains could not be conclusively associated with any unresolved casualties because of the similarity of identifying data of many of the unresolved casualties lost in this area and the lack of outstanding identifying data of the unknowns. Evac. #12612, previously determined to be Asiatic Mongoloid, will be returned to the Korean Government and the CIU parts will be disposed of in accordance with applicable regulations.

In view of the above, it is determined that Unknowns X-6348A, X-6349A, X-6349B and X-6351 be declared unidentifiable.

S&R 1499/293 TEAM LEADER REPORT

On 8 Aug 1956, I SFC RUSSELL ADAMS, RA 17 241 363, was notified by M/Sgt. Welch that I was to take an S&R team to UNCMAC and report to Lt. Col. Dobson. I reported to Col. Dobson at the appointed time, 1000 hrs. 10 Aug 1956.

A party composed of Lt. Col. Dobson, Lt. Col. Van Hook, two interpreters, and my S&R team left Base Camp at 1130 hrs., our mission to recover some unidentified skeletal remains from the communist side forward of the DMZ. We arrived at the DMZ and was escorted by communist officials to the grave site (1499/293).

The grave site was approximately 1,200 yards inside the DMZ located on hill 139, grid coordinates, CF-079084, map sheet 6528. There were a lot of shell fragments and 30 cal. ammunition in the immediate area. One left boot and some bones were visible on the surface. The hill apparently had several bunkers on it, which had been badly shelled.

We started digging into the grave site, screening every bit of soil. We immediately decided that there were <sup>more</sup> ~~not~~ than one body in the shell beaten bunker, thus, we declared it a group recovery. Two boots were recovered, also fragments of clothing and field gear.

We left the grave site at 1600 hrs., to return to base camp for the night. Col. Dobson and Col. Van Hook made arrangements with communist officials for us to continue our S&R 11 Aug 1956, since new remains had been discovered. Lt. Col. Dobson telephoned Lt. Perkins and asked for one more S&R team to aid us since we had discovered more remains.

11 Aug 1956, 0730 hrs. with the second S&R team we returned to the DMZ. Arriving at the grave site we had worked on the previous day (1499/293), the team continued their work while I showed the next grave site to the other team.

The team working on S&R 1499/293 sifted out more bone and various pieces of clothing and a steel helmet. The grave site was then closed out.

A sign was found thirty feet down the slope from the grave in a gully. The interpreter told me the sign read: Two US bodies plus one foot. Two boots were found just below the sign but could not be recovered because the area was mined.

Personnel of the S&R team were SP-3 Cook, Pfc Mann and Pvt Dunaway, all of the 293D QM Co (GREGG).

Reports on the other grave sites on Hill 139 are included in separate reports.

I, Cpl BOBBY J. W. LUCAS, RA 19 562 926, make the following statement:

From July 1952 until 9 February 1953 I was attached to the element of the 1st Marine Division, USMC. The units in action against the Chinese were as follows: 1st Regt (Inf), 5th Regt (Inf), 7th Regt (Inf), 11th Regt (FA). The Marines used a rotating system, two regt. on the line with one regt. in reserve. From the reserve the regts. relieved each other in the following order: first month; 1st and 5th on line, 7th in reserve. Second month; 7th and 5th on line, 1st in reserve. Third month; 7th and 1st on line, 5th in reserve. Fourth month; 5th and 1st on the line and 7th in reserve. Since I do not know what month the marines were killed, it is impossible to say what unit they were in. I left in Feb. 53 and I believe the 5th Regt was in reserve at that time, therefore the Marines would have been in the 7th or 1st Regt. From the ID tag, SN 1244\_\_\_\_, I believe by the first four digits, that the Marine entered the service in June or July of 52. He was either Regular or Reserve, no draftees were taken after 51. Combat boots were issued to us in July or August of 52, prior to this we wore "Boondockers", that is low half-boots.

The above is a true and correct statement to the best of my knowledge and belief.
