A F F I D A V I T

I, Ignacio S. Cruz, of legal age, married, a resident of Cagayan, Misamis Oriental and presently governor of said province, after having been duly sworn in accordance with law, depose and say:

That I was a prisoner of war from the surrender of the United States armed forces in the Philippines up to November 24, 1942, when I escaped from enemy control;

That as a prisoner of war my commanding officer was Capt. Yamada, garrison commander of the Japanese garrison in Cagayan, Misamis Oriental;

That Capt. Yamada related to me that Gen. Guy O. Fort arrived in Cagayan sometime in September, 1942;

That Father Isaias X. Edralin, at present parish priest of Cagayan, who was also a war prisoner at that time, saw Gen. Guy O. Fort coming down from a boat that arrived from Manila, and that upon arrival Gen. Fort was taken to the provincial jail in Cagayan and then brought to Dansalan by the Japanese;

That in Dansalan, Lanao, according to Capt. Yamada, Gen. Fort was taken around the town under guard and then brought to the landing field in Camp Keithley, Lanao;

That three or four days afterward Gen. Fort arrived in Cagayan by plane from Dansalan at about 5:30 P.M.;

That sometime in the later part of September, 1942, at about 11:30 A.M., I was called up by Lt. Kito of the Japanese Army to the Ateneo de Cagayan and he wanted me to act as interpreter in the investigation of an American officer;

That at midnight of the same day I was again called by Lt. Kito and told to go home as my services were no longer needed, further telling me that an American would be killed due to reports from Lanao that several Japanese patrols were ambushed by Moros and that only one Japanese officer survived;

That on the following day I went to contact Dr. Vicente Velez of Cagayan whose house was very near the Lourdes Academy of Cagayan and I was told by him that he actually heard the Japanese singing that evening and that such a ritual was usually performed whenever an important officer was being killed, he be of the enemy or of their own army;

That I was further told by Dr. Vicente Velez that he actually heard the noise produced by the use of shovels at about 4:00 at dawn of the following day;

That I was further told personally by a Filipino soldier whose name I cannot now remember and who was utilized as guard in the premises of the Lourdes Academy that he saw personally Gen. Guy O. Fort bayoneted and killed at the back of the Lourdes Academy;

That this guard also informed me that while the Japanese were torturing the General he heard the General shout: "You may get me but you will never get the United States of America";

That I was further informed by a Filipino cook named "Bartolome Aka", of the Kempei Tais at the Lourdes Academy that he saw the body of a big American loaded in a truck and brought out from the Lourdes Academy;

That I also investigated one "Felipe Dabalos", a caretaker of the Ateneo de Cagayan grounds whose house was located close to the supposed grave of Gen. Guy O. Fort, and I was told by him that he saw a big American being buried by Japanese soldiers under the mango tree in the Ateneo de Cagayan grounds near his house;

That as a result of communication received from Philippine Army Headquarters I had the grave dug up by prisoners which grave was

INSTRUCTIONS FOR PROPER MARKINGS ON DENTAL CHART

1. Give all information and description on dental chart as nearly correct as the condition of the body will allow. There are 32 teeth to be accounted for, as shown by the numbers on the chart. Beginning at the middle line in both upper and lower jaws the teeth are arranged symmetrically on either side and classed as incisors (cutting teeth), cuspids or canines (tearing teeth), bicuspids (chewing teeth), and molars (principal chewing teeth). An examination should be made and findings charted to cover the following basic conditions: lost teeth, crowned teeth, bridgework, fillings, caries (cavities of decay), dentures (plates), and any deformity of jaws found.

Missing Teeth

Crowned Teeth

Bridgework

Fillings

Caries (Cavities)

Dentures (Plates) Draw diagram of relative size and shape of plate block in, teeth attached and indicate retaining clasps on natural teeth with the word "clasp".
