AG 293 - GNMCQ-2

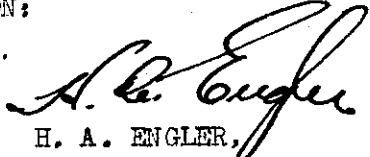

26 December 1944

SUBJECT: Request for Identification of Deceased Personnel

TO : Commanding General, 5th Infantry Division, APO 5, U. S. Army

1. Attention is directed to the attached report of burial.
2. It is desired that action be taken to discover if Unknown X-15 can be identified as a former member of your command.
3. Pvt. Paul (NMI) Maskell, 36304294, 11th Infantry Regiment, was reported KIA 3 October 1944 in the vicinity of Ft. Driant. No report of burial for Pvt. Maskell has been received by this headquarters. Although the estimated date of death of Unknown X-15 was reported as between 1 September and 20 September 1944, an error of two or more weeks could have been made because of the condition of the remains. The discrepancy between the date of death of Pvt. Maskell and the estimated date of death of Unknown X-15 would not preclude identification if all other factors were favorable.
4. If the estimated height and weight of Unknown X-15 agree reasonably with the height and weight of Pvt. Maskell, and if the circumstances surrounding the death of Pvt. Maskell were such that the body could have fallen into a body of water and drifted to the point of recovery of Unknown X-15, it is desired that a tooth chart of Pvt. Maskell be furnished. If no tooth chart is available, the name of a dental clinic or hospital where one might be obtained should be furnished.

By command of Lieutenant General PATTON:
