OF 293
GRS Far East

16 February 1950

SUBJECT: Identification of World War II Deceased

TO : Commanding Officer
American Graves Registration Service
Philcom Zone
APO 900, c/o Postmaster
San Francisco, California

1. Reference is made to Proceedings of your Board of Review, dated 25 July 1949, 20 October 1949, and 21 October 1949, recommending that individual identification be made of the following Unknown remains recovered from communal Grave 808, Cabanatuan POW Cemetery:

Unknown X-4391	as	BURTZ, John A.	Cpl	14 002 111
" X-4392	"	LAWRENCE, Albert J.	Cpl	11 019 656
" X-4393	"	HAYNES, Robert O.	Cpl	20 645 209
" <u>X-4394</u>	"	GROSMOULDER, Robert D.	Cpl	19 032 159
" X-4395	"	DANEROW, Stanley A.	Cpl	17 030 323

2. The association of these decedents with these remains is based upon information contained in the Cabanatuan POW Camp Death Report. Experience with this report has proved it to be a valuable aid for the association of decedents with Unknown remains. However, in repeated instances, it has been shown that the report does not constitute substantive proof within itself. Therefore, it is subject to qualifying or substantiating comparisons of dental and physical data.

3. After a thorough study of these cases, it is considered that the present associations contain contradictory evidence which precludes the establishment of identification.

4. Army dental records, dated 3 July 1940, for Cpl John A. Burtz indicate no fillings or extractions. An effort to obtain civilian dental data has proven unsuccessful. Records for remains of Unknown X-4391 indicate a considerable amount of dental treatment. A comparison of the age of the decedent at the time of death with the estimated age for these remains indicates a difference of from four to nine years.

5. Recorded dental features for Cpl Albert J. Lawrence include only one extraction. Despite the favorable aspect of other comparative elements in this case, dental records for the remains of Unknown X-4392 present such a distinctive pattern of dental treatment that it would be

AIRMAIL

RESTRICTED

FORM 293

16 February 1950

ORS War Dept

UNJCS: Identification of World War II Deceased

difficult to justify a favorable comparison with the meager records for Cpl Lawrence.

6. In the case of Field Board Proceedings recommending that the remains of Unknown X-4393 be identified as Cpl Robert G. Havens, it has been noted that records for the decedent indicate the extraction of tooth R-6. This tooth is shown as present with the remains of Unknown X-4393. The comparison of height is not regarded favorably since it presents a difference of 4 3/8 inches. In addition, the estimate of age represents a discrepancy of from five to fifteen years.

7. Dental features recorded for Cpl Groseclose include the extraction of tooth L-15. The records for the remains of Unknown X-4394 indicate this tooth present. An attempt to obtain additional dental data from the next of kin has proven unsuccessful. It is also noted that although the height comparison in this case is favorable, a difference of from nine to nineteen years exists between the age estimate for the remains and the age of the decedent at the time of death.

8. Although dental records for Cpl Stanley A. Damrow compare favorably with those of Unknown X-4395, the comparison is based upon two common-place molar extractions. In view of the fact that the age estimate for these remains and the age of the decedent presents a difference of from eight to thirteen years, it is not considered that these two extractions are sufficient to establish identification.

9. For the reasons outlined above, these Board Proceedings have been disapproved by this Office and are returned herewith.

7 June 1949

SUBJECT: Identification of World War II Deceased

TO : Commanding General
Philippine Command
APO 707, c/o Postmaster
San Francisco, California

ATTENTION: AGCS, PHILCOM ZONE

1. Reference is made to Case Histories for Remains Considered Identifiable dated 20 October 1948 and 21 October 1948, your headquarters, recommending the following identifications:

X-4391 AGRS Mausoleum Manila, P. I. (Formerly X-538 USAF Cemetery Manila #2) as: Cpl John A. Burtz, Jr.
14002111

X-4394 AGRS Mausoleum Manila, P. I. (Formerly X-542 USAF Cemetery Manila #2) as: Cpl Robert D. Groseclose,
19 032 159

2. It is requested that Board Proceedings for the following remains associated with these remains be submitted to this Office:

X-539 USAF Cemetery Manila #2 (X-2115 AGRS Mausoleum Manila)
X-541 USAF Cemetery Manila #2 (X-2117 AGRS Mausoleum Manila)
X-543 USAF Cemetery Manila #2 (X-2119 AGRS Mausoleum Manila)

3. This request is made in view of the fact that the remains were originally disinterred from Plot 8, Row O, Common Grave 808, Cabanatuan POW Cemetery, and complete analysis of the cases involving remains disinterred from this grave cannot be made unless Board Proceedings for all remains are received.

4. Board Proceedings listed in paragraph 1 above are suspended pending receipt of the above requested data.

SUBJECT: Unidentifiable Remains

TO: The Quartermaster General,
Department of the Army
Washington 25, D. C.
ATTN: Memorial Division

The records pertaining to Unknown X- 512, Plot 2,
Row 17, Grave 2118, USMC Sanila 12, Luzon, P.I., have
been reviewed and it is the opinion of this office that insufficient
evidence is available to establish the identity of this decedent,
and that these remains should be classified as unidentifiable.

Section 3.— UNIDENTIFIED REMAINS.

INSTRUCTIONS:

(a) Great care will be taken to record the most minute clues for the future identity of unidentified remains. Fill in anatomical characteristics below, and any other clues under "Other," such as shoe size, social security number; position of body found in airplanes, vehicles, and tanks; and serial numbers of airplanes, vehicles, and tanks.

(b) A fingerprint, or prints, are the most valuable of all clues. Imprint all fingers and thumbs in the chart at left, or as many as possible. If no fingerprint or prints can be secured, the condition of each and every tooth will be indicated on the tooth chart in accordance with diagram below. Tooth chart will not be accomplished if one or more fingerprints are secured.
