Identification of World War II Deceased

TO:

Commandian Officer American Grayes Registration Service Philcom Zone AFO 900, c/e Fostmaster San Francisco, California

Reference is made to Proceedings of your Roard of Review, dated 18 July 1949, recommending the following identification:

> Unknown X-695, ASRS Mausoleum, Manila, P. I. (formerly Unknown X-210, USAF Senetery, Manila #2, P. I.) as 5/5gt Elinton H. Wighels. 6 801 517.

2. After a thorough analysis of this case it has been determined that the evidence presented is insufficient to establish identification. The remains of Unknown X-695 were resortedly interred 25 April 1942. There is no specific date of death for 3/5gt. Michole who is reported to have died in April 1942. S/Sgt. Wichols is not bisted on the Camp O'Donnell Roster. Therefore, when association is based upon generalized chronological reasoning, it should be supported by outstanding physical and dental comparisons. The dental comparison, in this instance, reveals commonplace solar extractions, and is not conclusive in view of other considerations in this case.

3. Board Proceedings have been disapproved for the reasons outlined above and are resurned herewith.

DISAPPROVAL OF BOARD FINDINGS

X-695, AGRS Mausoleum, Manila, P.I. (formerly X-210, USAT Cem., Manila #2, P.I.)

Recommended for individual identification on Board Findings, dated 18 July, 1949, as the remains of:

NICHOLS, Clinton H. S/Sgt. 6 801 517

I. REASONS FOR DISAPPROVAL

Remains of Unknown X-695 were disinterred from Plot A, Row 3, Grave 2, Camp O'Donnell Cemetery. S/Sgt. Nichols is reported to have died in April 1942 at Camp O'Donnell, on the Roster of Disposition of American Personnell in the Philippine Islands. There is no evidence indicating the grave location in which S/Sgt. Nachols was interred. Dental and physical comparisons do not afford positive individual identification.

II. RECOMMENDED ACTION That Board Proceedings be disapproved.

TO: The Quartermaster General, Department of the Army, Washington 25, D.C., ATTN: Memorial Division

1. The following findings are the results of a study made to clarify the information referred to in basic communications

a. Photostat copy of Death Reports and Graves Registration, Archives File No. 900-1, indicates that the two (2) Unknowns in question were originally interred in two (2) separate graves at Camp O'Donnell POW Camp cemetery. The following is a tabulated analysis showing this information:

O'DONNELL. X-No.	MANILA NO. 2 X-No.	AGRS MELM			AL LOCATION CEMPTERY GRAVE	
X-3 X-6	X-210 X-209	X-695 X-694	A A	3	2 3	

b. From the above data, it could be deduced that the Report of Interment, accomplished at USAF Cometery Manila No. 2, for Unknown X-210 (presently X-695, AGRS Mausoloum) is erroneous since it shows previous burial location as Plot A, Row 6, Grave 3, O'Donnell Gemetery, which is identical with that shown on Report of Interment for Unknown X-209, Manila No. 2 (now X-694, AGRS Mausoleum).

- 2. Based on the above findings, it is concluded that the two (2) remains were not recovered from the same grave at O'Donnell and that the discrepancy could be attributed to the error committed in the accomplishment of the Report of Interment for Unknown X-210, Menila No. 2.
- 3. With reference to the request made in paragraph 5 of basic communication, forwarded herewith are new QMC Forms 1044 for Unknowns X-695 and X-694, AGRS Mausoleum, duly accomplished and signed by the anthropologist at the Central Identification Laboratory.
