1. Investigation regarding re-interment of X-51 in USAF Cemetery Manila #2 has been made, and no record of fingerprints has been found other than statement shown on Report of Re-interment. Said statement is believed to have been merely copied from original report of interment made at Nasugbu. This original burial report bears no fingerprints and no fingerprints were buried with body; this indicates none were received with the body for re-interment.

2. Form 1044 has been accomplished to maximum extent possible and is submitted herewith in duplicate.

3. It is believed statement in regards to fingerprints is erroneous throughout, inasmuch as they would have normally appeared on original report of interment filed with OQMG, if taken.
